The National Benchmark Tests (NBTs) at Stellenbosch University 2016-intake

1. What are the NBTs?

The National Benchmark Tests (NBTs) are an assessment test for first-year applicants to higher education. The NBTs are designed to measure a writer's ability to transfer understanding of academic literacy (language skills), quantitative literacy (numerical skills) and Mathematics to the demands of tertiary (higher education) coursework.

There are two tests. The AQL combines Academic Literacy and Quantitative Literacy in one multiple-choice test. There are seven timed sections, requiring three hours writing time. The second test is Mathematics (MAT), which is also multiple-choice with three hours allowed.

The NBTs are managed by the *Alternative Admissions Research Project* at the University of Cape Town. More information on the NBTs are available on their website at www.nbt.ac.za.

2. Who needs to write the NBTs for Stellenbosch University (SU)

It is compulsory for ALL prospective first-year students at SU, regardless of the matriculation year, studies at another higher education institution, or examination system followed, to write the National Benchmark Tests. The only applicants who need NOT write the NBTs are students applying for admission to a second university degree as well as students with a B Tech degree.

3. How do I register to write the NBTs?

Registration to write the NBTs is done through the internet on www.nbt.ac.za. Note that you will need your official South African ID or foreign passport in order to complete the registration process.

Test fees are non-refundable and can be paid at any EasyPay point. For more information on the fees, please visit www.nbt.ac.za

Registration is valid only for the specific date and location you select and must be done at least three weeks prior to the desired test date. If you do not have access to the internet, or encounter problems during the registration process, you may either call 021-650-3523 or send an e-mail to nbt@uct.ac.za for assistance.

Narrative Psychology and Vygotsky in Dialogue Jill

Bradbury,2019-09-06 This book draws together two domains of psychological theory Vygotsky s cultural historical theory of cognition and narrative theories of identity to offer a way of rethinking the human subject as embodied relational and temporal A dialogue between these two ostensibly disparate and contested theoretical trajectories provides a new vantage point from which to explore questions of personal and political change In a world of deepening inequalities and increasing economic precarity the demand for free decolonised quality education as articulated by the South African Student Movement and in many other contexts around the world is disrupting established institutional practices and reinvigorating possibilities for change This context provokes new lines of hopeful thought and critical reflection on discontinuities across historical time theories of social and psychological developmental processes and the practices of intergenerational life particularly in the domain of education for the making of emancipatory futures This is essential reading for academics and students interested in Vygotskian and narrative theory and critical psychology as well as those interested in the politics and praxis of higher education
