Johanna Schroeder, 2014-04-11 Inhaltsangabe Introduction In Germany education matters lie within the scope of each of the 16 German federal states Consequently there is no unique educational system which is valid for the entire Federal Republic of Germany but 16 individual ones However a German wide basic framework including regulations about the compulsory school attendance for instance does exist The duration of compulsory schooling until passing the Abitur at the Gymnasium however is not regulated by this framework but belongs to the power of decision of each federal state For instance in Thuringia and Saxony the duration of compulsory schooling at the Gymnasium has been limited to eight years as it was already the case before the reunification of Germany in 1990 In the other federal states like North Rhine Westphalia for example the duration of compulsory schooling at the Gymnasium included an additional ninth year resulting in the fact that the students attended the Gymnasium from grade 5 until grade 13 Nevertheless in 2001 the ministry of education of the federal state Saarland decided for a reduction of the duration of compulsory schooling at the Gymnasium by one year By now all the other federal states have followed and therefore also made the decision for a reduced duration of only eight years at the Gymnasium After many heated discussions also the North Rhine Westphalian ministry of education decided for a reduction of the duration of compulsory schooling at the Gymnasium As a consequence of this decision students of two grades G8 and G9 students entered the upper secondary level at all North Rhine Westphalian Gymnasien on August 31st 2010 Ministerium f r Schule und Weiterbildung des Landes Nordrhein Westfalen n d a The students of this so called Doppeljahrgang will all graduate in 2013 and therefore all of them will have to pass the same Abitur exams Hence it must be guaranteed that G8 students have the same preconditions as G9 students despite having one year less of general schooling before graduating Since no students have entered the upper secondary level after only five years at the Gymnasium in North Rhine Westphalia before 2010 empirical research in this area is hardly available by now Nevertheless this Doppeljahrgang offers the unique chance of directly comparing G8 and G9 students in order to find out in how far the new G8 system was implemented successfully or not Especially in the context of learning

November 2019 Monthly Current Affairs with MCQs for Competitive Exams Disha Experts, 2019-10-21 **From GCSEs to EBCs** Great Britain. Parliament. House of Commons. Education Committee, 2013 The Government s plans for replacing GCSEs with new English Baccalaureate Certificates in some subjects is trying to do too much too fast Introducing several fundamental changes at the same time and to a tight timetable will jeopardise the quality of the reforms and may threaten the stability of the wider exam system GCSEs need significant improvements in order to restore public confidence in the exam system but the Government still needs to make the case that the GCSE brand is so discredited that it is beyond repair MPs are also concerned about the impact of the changes on subjects outside the English Baccalaureate where students will be taking GCSEs for some time to come according to the Government s plans The report also questions how well the Government s proposals will serve lower attaining pupils who are often the most disadvantaged There is no evidence that the proposed changes will help to tackle under achievement

or narrow the attainment gap between the richest and poorest students any more effectively than GCSEs The Government is also called upon to re think its plans for a Statement of Achievement specifically for lower attaining pupils MPs agree that changes are needed to the way in which exams are run but they raise serious concerns about franchising subjects to exam boards The report is critical of the Government s decision to abolish some GCSEs before publishing the outcomes of the National Curriculum Review and its proposed changes to the school accountability system MPs also note the wide ranging stakeholder opposition to many of the Government s proposals
