## OVERALL TRAITS

### Size- Strength- Mobility

Thickly built with adequate height. Looks like a physical safety prospect. Is a strong runner when called upon. Possesses very good mobility and speed for the position. Agile and shows initial quickness to evade when under duress. Very dangerous player when on the move.

### Mental- Makeup

Prides himself on being a passer first, runner second. Competes and fights to keep plays alive to buy second chances. Resourceful, but does not always stand in the face of the rush and deliver the ball with authority.

### Accuracy

Considering he is not always fundamentally sound, this kid is accurate. Delivers a catchable, soft ball with just enough zip. Is a sandlot thrower and his feet are not always under him, yet he consistently hits the strike zone. Can show nice touch and ball speed on deeper throws with arc.

### Release/Arm Strength

Awkward throwing mechanics. Props the ball up really high almost like he is listening to it. Can be a bit methodical and tense, but release is compact despite a bit of a pusher's appearance. Arm strength is adequate-to-good and if feet are set and he is on time he can make most college level throws including those outside the numbers. Throws very well on the move and against his body.

### Bottom Line

It is not always pretty, but Mahomes is productive. Is a candidate to move to another position. Technically he needs polish and must become more disciplined with his feet, drops and set up. Very unorthodox in his throwing methods, but he makes plays and is a very good fit for the spread offense.
