Paul Galvin In My Own Words My Autobiography:

In My Own Words Paul Galvin, 2014-10-30 One of the greatest GAA footballers of the modern era Paul Galvin has enjoyed a brilliant and at times controversial career Winning four senior All Ireland medals with Kerry and eight Munster championships he was also a three time All Star and 2009 Footballer of the Year His inter county career took off in the late 1990s when he picked up a Munster minor championship medal in 1997 and another at under 21 level in 1999 But it was in the senior team throughout the 2000s that Paul came into his own In a period defined by great rivalry with Tyrone he became a key playmaker for Kerry never failing to give his all in pursuit of victory Over the course of a career marked by courage physicality and an intense passion for the Green and Gold there were many glorious days There were other days too with controversial incidents that led to a number of suspensions most notably in 2008 the year in which Paul also had the honour of being the Kerry captain 2009 brought redemption But 2010 presented new challenges In this fiercely honest autobiography Paul offers in his own words a compelling unflinching account of a career that has fascinated football fans for over a decade

Darragh Darragh Ó Sé, 2011-03-11 For 16 years Darragh S wore the number 8 jersey for Gaelic football s most celebrated county stoking the fires in Kerry s engine room With six All Ireland medals he is the most decorated footballer of the modern era Darragh s name is synonymous with his county s unrelenting appetite for success but throughout his illustrious career he has held his counsel allowing his football to do the talking Until now This is the story of a modern Kerry icon Uncompromising passionate and possessing a savage wit Darragh talks openly for the first time about his life in the green and gold and about his constant drive to succeed Elsewhere in the book he details his setbacks reflects on a family tragedy and reveals how his upbringing on the fringe of west Kerry helped shape his character steeling him for a career in the toughest position in Gaelic football This is the story of Darragh S the life of a legend

Gooch - The Autobiography Colm Cooper, 2017-10-05 The greatest Gaelic footballer of all time Pat Spillane When Colm Cooper retired from inter county football in 2017 he left behind a remarkable legacy The holder of five All Ireland medals and eight All Stars he was Kerry s stand out forward for fifteen years From a family steeped in Gaelic football and a core member of the Dr Crokes team Colm was still in his teens when he first played for Kerry at senior level Overcoming struggles with injury and personal tragedy Cooper became one of the GAA s most recognizable and best loved figures at a time of tumultuous change in the game But the man known nationally as Gooch is also an intensely private figure who has never courted publicity and his personal story remains largely untold Now Gooch The Autobiography unlocks a previously unopened door tracing a compelling path through the life beyond the headlines This is the story of an ordinary man who became an extraordinary footballer

The White Heat - My Autobiography Tomás Ó Sé, 2015-10-16 I went as hard as I could for as long as I could When Tom s S retired from the Kerry senior panel in 2013 he did so as one of the longest serving players in intercountry history and one of its most prolific winners Tom s epitomised everything that Kerry football is all about His commitment

determination and never say die attitude were plainly visible every time he took to the pitch He was a warrior and the best wing back that I have seen play the game amonn Fitzmaurice Kerry senior team manager But his drive and determination weren t forged in a vacuum they came from growing up in a family and place where Gaelic football was all that mattered For Tom s and his brothers Marc and Darragh football always came first each of them inspired by the larger than life personality of their uncle P id the talisman of Kerry s fabled team of the early 1980s In his memoir an account of his upbringing and time in the Championship cauldron competing alongside and against the sport s modern greats Tom s writes candidly about life as a member of Ireland s greatest sporting dynasty the victories and disappointments the rivals and roguery the clashes and confrontations not to mention the tremendous responsibility that came with donning the green and gold of Kerry Moving thrilling and frequently hilarious The White Heat is an exploration of what it means to eat sleep and bleed Gaelic Games

Final Whistle Jackie Cahill, Paddy Russell, 2011-04-01 Tipperary native Paddy Russell has been one of the leading referees in the GAA for the past 30 years His story is a remarkable one following his rise from humble beginnings to the pinnacle of two All Ireland finals Inspired by the late great John Moloney Russell took his first steps in refereeing in 1976 He quickly emerged as a leading light and rapidly worked his way to the top of his profession Russell has enjoyed a successful career but it is also one laced with drama most notably that arising from the 1995 All Ireland senior football final between Tyrone and Dublin Russell later took charge of the tempestuous National Football League clash between Dublin and Tyrone in 2006 which became known as The Battle of Omagh and the stormy showdown between Leinster rivals Dublin and Meath in April 2008 Just two months later Russell was in charge of the Munster senior football championship tie between All Ireland champions Kerry and Clare when Kerry captain Paul Galvin slapped the referee s notebook from his hands earning a three month suspension In Final Whistle Russell reflects on his eventful journey including these controversial matches and describes vividly the stresses and strains of refereeing modern day Gaelic games Story of My People Edoardo

Nesi, 2013-05-07 Winner of the 2011 Strega Prize this blend of essay social criticism and memoir is a striking portrait of the effects of globalization on Italy s declining economy Starting from his family s textile factory in Prato Tuscany Edoardo Nesi examines the recent shifts in Italy s manufacturing industry Only one generation ago Prato was a thriving industrial center that prided itself on craftsmanship and quality But during the last decade cheaply made goods produced overseas or in Italy by poorly paid immigrants saturated the market making it impossible for Italian companies to keep up In 2004 his family was forced to sell the textile factory How this could have happened Nesi asks and what are the wider repercussions of losing businesses like his family s especially for Italian culture Story of My People is a denouncement of big business corrupt politicians the arrogance of economists and cheap manufacturing It s a must read for anyone seeking insight into the financial crisis that s striking Europe today Threads Paul Galvin, 2022-10-13 Taking the clothes they wore as a starting point Paul Galvin skilfully weaves together a collection of stories of Irishmen who defined the culture and mood of their time

In Push he tells the story of the legendary Walker Brothers cyclists and soldiers who pedalled through a storm for Ireland at the 1912 Stockholm Games and subsequently served as rebel bike couriers during the 1916 Rising In Born Mad discover another side to Samuel Beckett sartor and prolific sportsman who had knockout power as a champion school s boxer In Boland we learn about Harry Boland s background as a trained tailor and in Jack we encounter Jack B Yeats at the 1924 Olympic Games in Paris These are just some of men who have inspired Paul s own fashion collections and whom he writes about here in a fascinating collection that shines a light on how history is woven into the clothes Irishmen wear

Social Computing with Microsoft SharePoint 2007 Brendon Schwartz, Matt Ranlett, Stacy Draper, 2009-02-23 Social computing is a fast moving technology and many of the concepts grow or change every year Use this book as part of your research for how you will implement any of the social computing applications but also use online research for keeping updated on new changes to this exciting area of software today Although social computing applications can be written on any framework or even on their own we have taken a unique approach to help you understand the landscape of social computing as it relates to SharePoint 2007 Each chapter introduces you to the concept of the chapter for example the RSS chapter gives a brief overview of what RSS is and the history behind it Then the chapter provides a section of how this is possible with SharePoint 2007 Finally if there are any extensions that would make it easier to work with social computing and SharePoint such as open source code or products you can buy we briefly discuss these options so you are aware of them for your organization This book was written for anyone who is approaching social computing applications for an enterprise This would include developers managers directors and even C level executives This book is designed to help decision makers learn about the concepts and understand how they might implement them in their own company Although this book does reach out to developers most of the chapters give examples with either built in options and configuration or show how to use code already installed on SharePoint Anyone interested in social computing and the topics covered in each chapter could read this book to get an understanding of what each concept has The You Try It sections do require having SharePoint 2007 and some of the features installed to actually attempt them If you are not an IT professional or developer this is the perfect opportunity for you to start a discussion with your technology group to try out some of these wonderful tools The book is designed to allow the reader to start from not knowing about social computing to being able to have an understanding of the concepts and how he or she would use them in his or her company To accomplish this you can read the book from front cover to back or you can pick the specific chapter that your organization is interested in Because so many people want to know exactly what the topics are and what they are about we have organized the book into chapters that work together but stand alone and provide complete coverage of a topic We have also used a very simple and direct naming of each chapter so you can quickly recognize what the chapter is about and what it covers This book covers the major concepts applications and implementations of social computing and shows how they are built with SharePoint 2007 today As you noticed earlier this is a

fast moving area of computing Where SharePoint 2007 does not have the capability today we made sure and explained how you could extend SharePoint 2007 with open source or products you can purchase We did not cover every product on the market but we gave you any idea of what you can look for when you are trying to extend SharePoint The first two chapters provide the introduction for people new to social computing and how people will have to manage a social computing project The following chapters break out each concept into a chapter to make it easy to get up to speed and understand what the topic is about Chapter 1 provides the introduction to what social computing is and the concepts behind social computing applications and discusses some of the technologies your organization might use to implement these concepts Chapter 2 describes how to build a successful project around social computing This chapter takes you through steps that can make your team more successful discusses the
