**The Pastoral Epistles** George William Knight, 1992-07-22 Knight's study on the Pastoral Epistles is part of The New International Greek Testament Commentary a series based on the UBS Greek New Testament which seeks to provide thorough exegesis of the text that is sensitive to theological themes as well as to the details of the historical linguistic and textual context *Michigan Christian Advocate*, 1909

**T&T Clark Handbook to the Historical Paul** Ryan S. Schellenberg, Heidi Wendt, 2022-05-05 The T & T Clark Handbook to the Historical Paul gathers leading voices on various aspects of Paul's biography into a thorough reconsideration of him as a historical figure The contributors show how recent trends in Pauline scholarship have invited new questions about a variety of topics including his social location his mode of subsistence his cultural formation his place within Judaism his religious experience and practice and his affinities with other religious actors of the Roman world Through careful attention to biographical detail social context and historical method it seeks to describe him as a contextually plausible social actor The volume is structured in three parts Part One introduces sources methods and historiographical approaches surveying the foundational texts for Paul and the early Pauline tradition Part Two examines key biographical questions pertaining to Paul's bodily comportment the material aspects of his career and his religious activities Part Three reconstructs the biographical portraits of Paul that emerge from the letters associated with

him presenting a series of micro biographies pieced together by leading Pauline scholars      **Operation Messiah** Thijs Voskuilen, Rose Mary Sheldon, 2008 Saul of Tarsus is one of the best known and most beloved figures of Christianity This man later known as St Paul set the tone for Christianity including an emphasis on celibacy the theory of divine grace and salvation and the elimination of circumcision It was Paul who wrote a large part of the New Testament and who called it euangelion the gospel There is another side of Paul however that has been little studied and that is his connection to the Roman military establishment and its intelligence arm While other scholars and writers have suggested the idea that Paul was cooperating with the Romans this is the first book length study to document it in detail By looking at the traditional story through a new lens some of the thorniest questions and contradictions in Paul s life can be unravelled How did he come to work for the Temple authorities who collaborated with the Romans How was he able to escape from legal situations in which others would have been killed Why were so many Jews trying to have Paul killed and to which sect did they belong These and other mysteries will be solved as the authors follow Paul s career and his connections to Roman intelligence      *Leading Financial Sustainability in Theological Institutions* Emmanuel Okantah Bellon, 2017-04-24 The role of theological institutions in Christian mission is likened to the crucible that shapes the hearts and minds of those leading the charge to reconcile the world to God Nevertheless it is also the weakest link in the chain of Christian ministry and efforts to sustain the unique contribution of institutions have been enigmatic So why should we be concerned about theological institutions What if there were no theologians missiologists trained pastors or missionaries in Christian ministry What if there were no theological institutions What if the existing theological institutions collapsed shut down for lack of resources How effective would the witness of the Christian church be without theological institutions in a world in need of God Over the centuries various models for supporting theological training have been tried in institutions but very few of these have been successful Time cost and quality of education among others have been the driving forces behind the changing models and yet financial sustainability has been elusive Only informed leadership that draws insights from historical biblical and practical wisdom is necessary in achieving this goal This book is your faithful companion in the quest to achieve financial sustainability in theological institutions      **Topical Analysis of the Bible** Walter A. Elwell, 2012 This imperative resource addresses the need for understanding basic Christian teachings It makes the theological content of the Bible accessible to a wide audience in an easy to follow format Fifteen key Christian doctrines are explored chapter by chapter including The Personal God Sanctification Christian Living Responsibilities to Others and Nature Jesus Christ and more Each of these chapters includes a detailed outline and complete citations This is an unparalleled affordable resource for ministers and laymen alike who want a more in depth resource at their fingertips and who long to be more thoroughly grounded in their faith Special Features Includes approximately 35 000 Scripture references from the popular New International Version      Anointed to Be God's Servants Henry Blackaby, Tom Blackaby, 2009-08-24 In *Called to Be God's Leader* readers examined God s call for leadership

through the life of Joshua And now in this fourth book in the Biblical Legacy Series Drs Henry and Tom Blackaby go behind the scenes of one of the Bible s greatest leaders in Anointed to Be God s Servants Many people desire to be a Joshua but are called to serve in supporting positions Through the life of Paul readers will learn of the critical role that supporting companions play in God s kingdom Why did Paul so desperately need companions What does true companionship look like How does Paul s life teach us to effectively support leaders around us Anointed to Be God s Servants answers all of these questions and more revealing the wonderful nature of interdependence in God s kingdom *Spur of the Moment Preschool Activities* , *Peloubet's Bible Dictionary* Francis Nathan Peloubet,1925 Based upon the foundation laid by William Smith Self pronouncing contains chronological tables and tables of weights money and measures *The Oxford Handbook of Pauline Studies* Matthew V. Novenson,R. Barry Matlock,2022-04-08 The Oxford Handbook of Pauline Studies brings together a diverse international group of experts on the apostle Paul It examines the authentic texts from his own hand other ancient texts falsely attributed to him the numerous early Christian legends about him and the many meanings that have been and still are made of these texts to give a twenty first century snapshot of Pauline Studies Divided into five key sections the Handbook begins by examining Paul the person a largely biographical sketching of the life of Paul himself to the limited extent that it is possible to do so It moves on to explore Paul in context and Pauline Literature looking in detail at the letters manuscripts and canons that constitute most of our extant evidence for the apostle Part Four uses a number of classic motifs to describe what modern experts describe as Pauline Theology and Part Five considers the many productive reading strategies with which recent interpreters have made meaning of the letters of Paul It is demonstrated that reading Paul is not and never has been just one thing It has always been a matter of the particular questions and interests that the reader brings to these very generative texts The Oxford Handbook of Pauline Studies thoroughly surveys the state of Pauline studies today paying particular attention to theory and method in interpretation It considers traditional approaches alongside recent approaches to Paul including gender race and ethnicity and material culture Brought together the chapters are an ideal resource for teachers and students of Paul and his letters *The Christian Advocate* ,1902 **The Apostolic Leaders** Erastus Blakeslee,1907 **The illustrated Bible treasury, by sir C. Wilson and others, and a new concordance, ed. by W. Wright. (Bible helps).** William Wright,1896 *The Trial Narratives* Matthew L. Skinner,2010-01-01 In this careful analysis Matthew Skinner explores the trial narratives of Jesus Paul Stephen and others in the Gospels and Acts who found themselves brought before powerful individuals and groups often with deadly consequences His close study of these texts is essential for those interested in the early church s relationship to the sociopolitical structures in which Christian belief emerged He shows how the narratives helped shape early Christian identity as these communities sought to understand both the political implications of the emerging Christian gospel as well as the dangers and opportunities their sociopolitical context presented He also reflects on the theological resources and paradigms these texts offer to Christians today ...
