Specifications Grading Linda B. Nilson, 2023-07-03 In her latest book Linda Nilson puts forward an innovative but practical and tested approach to grading that can demonstrably raise academic standards motivate students tie their achievement of learning outcomes to their course grades save faculty time and stress and provide the reliable gauge of student learning that the public and employers are looking for She argues that the grading system most commonly in use now is unwieldy imprecise and unnecessarily complex involving too many rating levels for too many individual assignments and tests and based on a hairsplitting point structure that obscures the underlying criteria and encourages students to challenge their grades This new specifications grading paradigm restructures assessments to streamline the grading process and greatly reduce grading time empower students to choose the level of attainment they want to achieve reduce antagonism between the evaluator and the evaluated and increase student receptivity to meaningful feedback thus facilitating the learning process all while upholding rigor In addition specs grading increases students motivation to do well by making expectations clear lowering their stress and giving them agency in determining their course goals Among the unique characteristics of the schema all of which simplify faculty decision making are the elimination of partial credit the reliance on a one level grading rubric and the bundling of assignments and tests around learning outcomes Successfully completing more challenging bundles or modules earns a student a higher course grade Specs grading works equally well in small and large class settings and encourages authentic assessment Used consistently over time it can restore credibility to grades by demonstrating and making transparent to all stakeholders the

learning outcomes that students achieve This book features many examples of courses that faculty have adapted to spec grading and lays out the surprisingly simple transition process It is intended for all members of higher education who teach whatever the discipline and regardless of rank as well as those who oversee train and advise those who teach Specification grading promotes the following values and outcomes It 1 Upholds High Academic Standards2 Reflects Student Attainment of Skills and Knowledge 3 Motivates Students to Learn and to Excel4 Fosters Higher Order Cognitive Development and Creativity5 Discourages Cheating6 Reduces Student Stress7 Makes Students Feel Responsible for Their Grades8 Minimizes Conflict Between Faculty and Students9 Saves Faculty Time and Is Simple to Administer10 Makes Expectations Clear and Simplifies Feedback for Improvement11 Assesses Authentically12 Achieves High Inter Rater Agreement *The Best 168 Medical Schools* Malaika Stoll,2010 Profiles 168 top medical schools and offers information on admissions criteria financial aid and special programs for members of minority groups *The Best 168 Medical Schools, 2013 Edition* Malaika Stoll,2012 Profiles 168 top medical schools and offers information on admissions criteria financial aid and special programs for members of minority groups **Study in Korea** ,2010 **Backpacker** ,2000-03 Backpacker brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured The Surveyor & Municipal & County Engineer ,1952 **The Right College, 1991** College Research Group of Concord Massac,1990-07 The brand new totally updated edition of the college guide covering every aspect of campus life Complete profiles of the more than 1 500 accredited four year colleges and universities in the United States Canada and Mexico cover everything from admissions to prominent graduates to social events **Peterson's Private Secondary Schools 2007** Thomson Peterson's,2006-04 Lists and describes schools in the United States and Canada Surveyor and Municipal and County Engineer ,1951 **The Times Index** ,2010 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement **Electrical & Electronics Abstracts** ,1989 **The New York Times Index** ,2003 Who's who in America ,2003
