SANYASI SARAT SATYA SUKUMAR BISETTY PUSHPA SINGH ,2024-12-22 In today's fast paced and highly competitive business environment the integration of diverse enterprise systems has become essential for ensuring streamlined operations and optimizing workflows For many organizations AS400 also known as IBM iSeries has been a cornerstone of their enterprise architecture providing a robust reliable and secure platform for business critical applications On the other hand SAP Materials Management SAP MM is widely adopted by businesses for managing their procurement inventory and logistics functions offering powerful tools to control and streamline the entire supply chain However the challenge arises when organizations wish to leverage the full potential of both systems but are faced with the task of integrating AS400 with SAP MM seamlessly These two systems while offering unique strengths often operate in different technological environments making interoperability a daunting task This book aims to bridge that gap by providing a comprehensive guide to integrating AS400 with SAP MM focusing on the strategies tools and best practices required to create a seamless workflow between these two powerful systems Whether you are an IT professional SAP consultant or a business manager looking to enhance operational efficiency this book will serve as a practical resource for achieving a smooth integration process We will explore various integration methods including middleware solutions APIs and custom interfaces and provide detailed case studies and real world examples of organizations that have successfully integrated AS400 with SAP MM Additionally we will discuss the common challenges encountered during the integration process and provide actionable solutions to overcome them As the demand for more agile and interconnected business operations grows the ability to integrate legacy systems like AS400 with modern ERP platforms like SAP MM has never been more important Through this book we aim to empower you with the knowledge and tools to tackle integration challenges head on ensuring that your organization can fully harness the capabilities of both systems and achieve operational excellence The journey towards seamless workflow integration is complex but with the right approach and mindset it is entirely achievable Let's dive in and explore how to make your integration project a success Authors      *Computer Security Journal* ,2000      **Auditing and GRC Automation in SAP**  
Maxim Chuprunov,2013-04-09 Over the last few years financial statement scandals cases of fraud and corruption data protection violations and other legal violations have led to numerous liability cases damages claims and losses of reputation As a reaction to these developments several regulations have been issued Corporate Governance the Sarbanes Oxley Act IFRS Basel II and III Solvency II and BilMoG to name just a few In this book compliance is understood as the process mapped not only in an internal control system that is intended to guarantee conformity with legal requirements but also with internal policies and enterprise objectives in particular efficiency and profitability The current literature primarily confines itself to

mapping controls in SAP ERP and auditing SAP systems Maxim Chuprunov not only addresses this subject but extends the aim of internal controls from legal compliance to include efficiency and profitability and then well beyond because a basic understanding of the processes involved in IT supported compliance management processes are not delivered along with the software Starting with the requirements for compliance Part I he not only answers compliance relevant questions in the form of an audit guide for an SAP ERP system and in the form of risks and control descriptions Part II but also shows how to automate the compliance management process based on SAP GRC Part III He thus addresses the current need for solutions for implementing an integrated GRC system in an organization especially focusing on the continuous control monitoring topics Maxim Chuprunov mainly targets compliance experts auditors SAP project managers and consultants responsible for GRC products as readers for his book They will find indispensable information for their daily work from the first to the last page In addition MBA management information system students as well as senior managers like CIOs and CFOs will find a wealth of valuable information on compliance in the SAP ERP environment on GRC in general and its implementation in particular

Invoice Verification and the GR/IR in SAP S/4HANA Oona Flanagan, 2024-06-19 Most organizations receive so many supplier invoices daily that it becomes too difficult to manage without automation to verify that the invoices are correct and can be paid This book gives you an in depth look at how invoice verification works in SAP S4 HANA Explore how different posting types are made and how to monitor and make corrections when there is no exact three way match between the purchasing document the goods or services receipt and the invoice Learn how to review blocked invoices so that suppliers can be paid as well as ensure that the general ledger accurately reflects what has been received invoiced and what should be accrued Explore opportunities for streamlining your invoice verification process Take a closer look at new functionality available with SAP S 4HANA and Fiori as well as how some processes have been simplified Walk through the invoice verification stages using Fiori and other apps By using practical examples tips and screenshots the author brings readers quickly up to speed on invoice verification and the GR IR in SAP S 4HANA Invoice verification process in SAP S 4HANA Tools for GR IR reconciliation Configuration settings that affect the invoice verification process Period end processes and reporting
