Staying true to one's own ideals and life's purpose will be violently ripped away if an unrelenting hold to them is not maintained. Do you remember who you really are? Did you lose your identity meandering down your life's path? In order to understand life, you must first understand its language. How long can you live not knowing who or what you are? How long can you meander through your life until you realize your truth? What will it take for you to become your truth?
