AutoRicerca - Volume 7, Year 2014 - Science, Reality & Consciousness Editore: Massimiliano Sassoli de Bianchi, 2019-03-04 AutoRicerca is a journal whose mission is to publish writings of value on the topic of inner research but not only This seventh issue is dedicated to the theme of the articulation between science reality and consciousness and contains a long monographic article written in the form of dialogue by Massimiliano Sassoli de Bianchi Aligning the Governance Structure of the NNSA Laboratories to Meet 21st Century National Security Challenges National Research Council, Division on Engineering and Physical Sciences, Laboratory Assessments Board, Committee on Assessment of the Governance Structure of the NNSA National Security Laboratories, 2015-03-13 Aligning the Governance Structure of the NNSA Laboratories to Meet 21st Century National Security Challenges is an independent assessment regarding the transition of the National Nuclear Security Administration NNSA laboratories Los Alamos National Laboratory Lawrence Livermore National Laboratory and Sandia National Laboratories to multiagency federally funded research and development centers with direct sustainment and sponsorship by multiple national security agencies This report makes recommendations for the governance of NNSA laboratories to better align with the evolving national security landscape and the laboratories increasing engagement with the other national security agencies while simultaneously encouraging the best technical solutions to national problems from the entire range of national security establishments According to this report the Department of Energy should remain the sole sponsor of the NNSA laboratories as federally funded research and development centers The NNSA laboratories will remain a critically important resource to meet U S national security needs for many decades to come The recommendations of Aligning the Governance Structure of the NNSA Laboratories to Meet 21st Century National Security Challenges will improve the governance of the laboratories and strengthen their strategic relationship with the non DOE national security agencies **Strategic Investments in Instrumentation and Facilities for Extraterrestrial Sample Curation and Analysis** National Academies of Sciences, Engineering, and Medicine, Division on Engineering and Physical Sciences, Space Studies Board, Committee on Extraterrestrial Sample Analysis Facilities, 2019-03-29 The United States possesses a treasure trove of extraterrestrial samples that were returned to Earth via space missions over the past four decades Analyses of these previously returned samples have led to major breakthroughs in the understanding of the age composition and origin of the solar system Having the instrumentation facilities and qualified personnel to undertake analyses of returned samples especially from missions that take up to a decade or longer from launch to return is thus of paramount importance if the National Aeronautics and Space Administration NASA is to capitalize fully on the investment made in these missions and to achieve the full scientific impact afforded by these extraordinary samples Planetary science may be entering a new golden era of extraterrestrial sample return now is the time to assess how prepared the scientific community is to take advantage of these opportunities Strategic Investments in Instrumentation and Facilities

for Extraterrestrial Sample Curation and Analysis assesses the current capabilities within the planetary science community for sample return analyses and curation and what capabilities are currently missing that will be needed for future sample return missions This report evaluates whether current laboratory support infrastructure and NASA's investment strategy is adequate to meet these analytical challenges and advises how the community can keep abreast of evolving and new techniques in order to stay at the forefront of extraterrestrial sample analysis **Building the Knowledge Economy in**

Europe Meng-Hsuan Chou,Åse Gornitzka,2014-03-28 This book is the first comparative volume on European research and higher education policies **The Best Business Writing 2014** Dean Starkman,Martha M. Hamilton,Ryan

Chittum,2014-12-16 This anthology of the year's best investigative business writing explores the secret dealings of an elite Wall Street society and uncovers the crimes and misadventures of the young founder of Silk Road the wildly successful online illegal goods site known as the eBay of vice It reveals how the Fed dithered while the financial crisis unfolded and explains why the leaders of a two trillion dollar bond fund went to war with each other Articles from the best newspapers and magazines in the country delve into how junk food companies use science to get you to eat more and how Amazon dodges the tax man how J Crew revitalized itself by transforming its creative process and Russell Brand went deep on media and marketing after his GQ Awards speech went haywire Best Business Writing 2014 includes provocative essays on the NFL's cover ups and corporate welfare Silicon Valley's ultralibertarian culture and the feminist critique of Sheryl Sandberg's career advice book for women Lean In Stories about toast T shirt making and the slow death of the funeral business show the best writers can find worthy tales in even the most mundane subjects *On Non-Generic Finite Subgroups of Exceptional*

Algebraic Groups Alastair J. Litterick,2018-05-29 The study of finite subgroups of a simple algebraic group G reduces in a sense to those which are almost simple If an almost simple subgroup of G has a socle which is not isomorphic to a group of Lie type in the underlying characteristic of G then the subgroup is called non generic This paper considers non generic subgroups of simple algebraic groups of exceptional type in arbitrary characteristic *Earth Systems Data Processing and*

Visualization Using MATLAB Zekâi Şen,2019-03-27 This book is designed to provide easy means of problem solving based on the science philosophical and logical rules that lead to effective and reliable software at the service of professional earth system scientists through numerical scientific computation techniques Through careful examination of software illuminated by brief scientific explanations given in the book the reader may develop his/her skills of computer program writing Science aspects that are concerned with earth systems need numerical computation procedures and algorithms of data collected from the field measurements or laboratory records The same is also valid for data processing in social sciences and economics Some of the data assessment and processing procedures are at the large scales and complex and therefore require effective and efficient computer programs Data reduction and graphical display in addition to probabilistic and statistical calculations are among the general purposes of the book Not only students work but also projects of researchers at universities and
