Coates,Abby L. Ferber,David L. Brunsma,2017-09-25 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop The Matrix of Race Social Construction Intersectionality and Inequality is a textbook that makes race and racial inequality visible in new ways to all students in race ethnic relations courses regardless of their backgrounds from minorities who have experienced the impact of race in their own lives to members of dominant groups who might believe that we now live in a color blind society The matrix refers to a way of thinking about race that reflects the intersecting multilayered identities of contemporary society and the powerful social institutions that shape our understanding of race Its goals are to help readers get beyond familiar us vs them arguments that can lead to resistance and hostility promote self appraisal and stimulate more productive discussions about race and racism Free Poster Making Race and Racial Inequality Visible in New Ways A Complete Teaching Learning Package SAGE coursepacks FREE Easily import our quality instructor and student resource content into your school s learning management system LMS and save time Learn more SAGE edge FREE online resources for students that make learning easier See how your students benefit Holding Together John Shattuck,Sushma Raman,Mathias Risse,2022-05-31 A bold new assessment of the multipronged attack on rights in the United States and how to push back An overwhelming majority of Americans agree that rights are essential to their freedom and that rights today are severely threatened The promise of rights has been reimaged at pivotal moments in American history from the American Revolution to the Civil War to the Civil Rights Movement Can today become another time of transformation Holding Together is about the promise of rights as a source of American identity the struggle to realize rights by countless Americans to whom the promise has been denied or not fulfilled the hijacking of rights by politicians who seek power by dividing and polarizing and the way forward in which rights can bring Americans together instead of tearing them apart Drawing on a series of town hall meetings with representative groups of citizens across the country discussing their concerns over rights new national opinion polls from all demographic groups and political

perspectives conducted in 2020 and 2021 and extensive research Holding Together is a road map for an American rights revival John Shattuck Sushma Raman and Mathias Risse present a comprehensive account of the current state of rights in the United States and concrete recommendations to policy makers and citizens on how to reclaim them **Higher Education and Intellectual Retrogression** Arup Maharatna, 2023-02-24 This monograph critically analyses the historical evolution of ideas perceptions and principles on higher education and unravels a few of its interlinked aspects content quality standard massification privatization and commercialization It presents both original and penetrative critique of neoliberal ideas and policies reigning higher education since World War II The volume argues that with the proliferation of academic capitalism the academic quality of higher education has been inevitably compromised and it has thereby heralded a comprehensive intellectual retrogression The book offers a meticulous evaluation of global research reflecting on impeccable evidence of decline in academic learning in its effort quality standards and overall intellectual level and rigour Finally it illuminates why it is dangerous to continue clinging ideationally to neoliberal reign in education and thereby evading or effacing some of the lasting and universal wisdoms and precepts of the educational reign preceding neoliberal market-oriented predominance The book will be of interest to students teachers and researchers of education higher education sociology of education economics and politics of education It will also be useful for academicians higher education administration policymakers schoolteachers and those interested in debates and issues around higher education

*Organisational Resilience* Ran Bhamra, 2015-10-05 An eternal dilemma for all organizations and one that a considerable portion of management schools are set up to address is how to become and stay competitive *Organisational Resilience Concepts Integration and Practice* brings together for the first time key works that describe the scope and nature of resilience and provides direction to take Educational Assessment in a Changing World Isabel Nisbet, Stuart Shaw, 2024-10-21 This timely book takes stock of the wide range of developments in society education and assessment and offers conclusions and strategies that are necessary for the future of educational assessment Drawing on examples from the UK Europe and USA the book will dissect cultural political psychological and ideological ideas on society education and assessment and foreground pressing issues relating to artificial intelligence social justice and climate change Acknowledging its predominantly Western perspective and providing context on the evolution of educational assessment the book will bridge the gap between theory and practice to progress debate and discourse on creating a culture of assessment fit for the future and rethinking strategies for the path ahead Ultimately the book will provide insights and key takeaways for the field of educational assessment along with an evidence-based agenda that will be relevant for education professionals the assessment industry and policymakers interested in higher education international and comparative education and testing

**What Ails France?** Brigitte Granville, 2021-04-01 As evidenced by the yellow vests protest movement that began in France in 2018 the state of the French nation inspires gloom among many of its citizens Brigitte Granville views this malaise

as a peculiarly French symptom of the difficulties experienced by many advanced industrial democracies in the face of globalization technology and mass immigration Granville brings trenchant criticism to bear in this wide ranging survey of the political economy of contemporary France building her case for the prosecution on the self reinforcing rigidity produced by a narrow Parisian oligarchy that is both entitled and intellectually hidebound What Ails France applies an economist's vision to the monetary and fiscal pathologies flowing from this ideologically motivated technocratic rule reflected in Europe's flawed monetary union runaway indebtedness and chronically high structural unemployment The author marshals academic research from a wide range of disciplines to fuel a provocative and at times contentious analysis proposing various treatments for French ailments that would reinvigorate the republican value of liberty with a new local slant A refreshing ideologically freewheeling discussion What Ails France provides a positive take on the innovations of our digital age exploring their potential to bring about a more representative democracy and a fairer society
