Past Question 2015 Ss3:

The Roles of Technology and Globalization in Educational Transformation Adeoye, Blessing F., Arome, Gladys, 2019-08-16
The emergence of the internet and developments in educational software have changed the way teachers teach and the way students learn. There has been a substantial increase in the quantity, quality, and diversity of educational material available over the internet or through the use of satellite video and audio linkups. These technologies have allowed new learning methods and techniques to reach a greater geographic region and have contributed to the global transformation of education. *The Roles of Technology and Globalization in Educational Transformation* is an essential academic book that provides comprehensive research on issues concerning the roles of technology and globalization in educational transformation and the challenges of teaching and learning in various cultural settings and how they were resolved. It will support educational organizations that wish to find, create, or adapt technology for use in their institution. Featuring a broad range of topics such as public administration, educational technology, and higher education, this book is essential for teachers, deans, principals, school administrators, IT specialists, curriculum developers, instructional designers, higher education staff, academicians, policymakers, researchers, and students.

Iran's Struggles for Social Justice Peyman Vahabzadeh, 2016-12-20
This interdisciplinary volume offers a range of studies spanning the various historical, political, legal, and cultural features of social justice in Iran and proposes that the present-day realities of life in Iran could not be farther from the promises of the Iranian Revolution. The ideals of social justice and participatory democracy that galvanized a resilient nation in 1979 have been abandoned as an avaricious ruling elite has privatized the economy, abandoned social programs, and subsidy payments for the poor, and suppressed the struggles of women, workers, students, and minorities for equality. At its core, *Iran's Struggles for Social Justice* seeks to educate and to develop a new discourse on social justice in Iran.

Public Service Motivation Neil M. Boyd, 2023-12-05
This book evaluates public service motivation (PSM) within the milieu of a broader conceptual and theoretical landscape beyond public management, with a primary focus in management and the social sciences. As the literature around public management has evolved, scholars have suggested that PSM can direct applicants toward public service-oriented careers, and once hired, many have posited that PSM is linked to psychological outcomes and behavioral activity within public service-oriented organizations. Although some scholars have attempted to characterize and study PSM in relation to concepts outside of public management, the vast majority of scholarship has been grounded specifically in the public management literature. This is true when characterizing PSM as a factor that relates to career choice as well as a predictor of motivated states once one occupies a role within an organization. Given its continued vigor and its legitimacy, it could be argued that in recent decades, PSM has indeed become one of the most prominent concepts in public management. This book will be of interest to researchers and students in the fields of public management and public administration, as well as to policy makers and public service managers. The chapters in this book were originally published in *Public Management*.

Review Good Faith in Insurance and Takaful Contracts in Malaysia Haemala Thanasegaran, 2016-01-22 This book examines good faith in non marine insurance and takaful Islamic insurance contracts in Malaysia and proposes holistic law reform of the same The first two thirds of the book comprise an extensive comparative legal analysis of the issues between Malaysia Australia and the United Kingdom with the final third dedicated to a socio economic analysis of law reform and suggestions for law reform particularly suited to Malaysia The book evaluates whether the duty of utmost good faith the cornerstone of insurance and takaful contracts is effectively regulated and in turn observed by insurers and takaful operators and insureds alike in Malaysia The adequacy of the Insurance Act 1996 Malaysia the Takaful Act 1984 Malaysia the Financial Services Act 2013 Malaysia and the Islamic Financial Services Act 2013 Malaysia is evaluated along with the supporting infrastructure and oversight measures introduced by the Malaysian government In doing so The book examines the duty of utmost good faith from both a doctrinal and a social science perspective in order to propose suitable legal reform
