Clowes,2018-07-05 If Dostoevsky claimed that all Russian writers of his day came out from Gogol's Overcoat then Edith W. Clowes boldly expands his dramatic image to describe the emergence of Russian philosophy out from under the overcoat of Russian literature In *Fiction's Overcoat* Clowes responds to the view commonly held by Western European and North American thinkers that Russian culture has no philosophical tradition If that is true she asks why do readers everywhere turn to the classics of Russian literature at least in part because Russian writers so famously engage universal questions because they are so philosophical Her answer to this question is a lively and comprehensive volume that details the origins submergence and re emergence of a rich and vital Russian philosophical tradition During the late nineteenth and early twentieth centuries Russian philosophy emerged in conversation with narrative fiction radical journalism and speculative theology developing a distinct cultural discourse with its own claim to authority and truth Leading Russian thinkers Berdiaev Losev Rozanov Shestov and Solovyov made philosophy the primary forum in which Russians debated metaphysical aesthetic and ethical questions as well as issues of individual and national identity That debate was tragically truncated by the events of 1917 and the rise of the Soviet empire Today after seventy years of enforced silence this particularly Russian philosophical culture has resurfaced *Fiction's Overcoat* serves as a welcome guide to its complexities and nuances Historians and cultural critics will find in Clowes's book the story of the increasing refinement and diversification of Russian cultural discourse philosophers will find an alternative to the Western philosophical tradition and students of literature will enjoy the opportunity to rethink the great Russian novelists particularly Dostoevsky Pasternak and Platonov as important voices in the process of shaping and sustaining a new philosophy and ensuring its survival into our own age *An index to the English books and pamphlets in the library of Emmanuel college, Cambridge, printed before 1700* Cambridge univ, Emmanuel coll, libr,1869 **The Oxford Shakespeare: the complete works of W.
