- Thesis statement

Winston Churchill once said that, "Democracy is the worst form of government, except for all the others that have been tried already." We ~~might have our problems and everything might not be perfect~~, but democracy offers Americans a greater chance for opportunity and advancement than any other form of government. America's gift to my generation is a democratic government.

In many other countries of the world, people do not have the chance to choose their leaders or have a say in how their government is run. Where is the fairness if you get no voice in your nation's rules and laws? Countries such as China have one government run by one party. By having the opportunity to cast my vote to choose my leaders, I am a part of my country. My voice matters just as much as anybody else's. I have a say in the future of my nation.

①

When I have a say, I also have the chance to make sure things are fair. Democracy allows me, just like every other American, the same chances. Nobody has an unfair advantage. For example I can become a doctor, lawyer, or even a politician. The choice is mine as to what I want to be. I can go as far in life or as little as I want to.

②

Democracy can be messy. Nobody said it wasn't. When you have millions of people with different opinions and ideas, things can seem noisy and chaotic. This is why democracy is more important than ever. Everyone needs to feel that their voice has been heard even if they don't always get their way. Americans will continue to make a better nation, but only as long as we stick to the principals of a democratic society.
