Books in Print Supplement, 2002 COSMIC FORCE COSMOLOGY SOLATLE

LU, 2023-06-01

LIGHT the primordial eternal pure almighty energy is the brightest as well as darkest riddle that has been puzzling to all earthlings for millennia. Whoever truly knows light has already cracked the greatest mystery of the cosmos. Surprisingly, this riddle has been actually cracked independently by three thinkers of different ages. Heraclitus the Hellenic thinker 2500 years ago is the first cracker of the riddle with his doctrines that things are constantly changing, universal flux, that opposites coincide, and that fire is the source and nature of all things. We just decode his Fire into LIGHT. 2400 years later, there comes the second cracker, Nikola Tesla, the modern Heraclitus, who in 1899 explicitly declares that Everything is LIGHT. Matter is created from the original and eternal energy that we know as LIGHT. Solatle Lu is the third cracker, the first narrator of the riddle. He explicitly declares in 2019 in his *An Outline of Force Cosmology* that All particles are derived from photons and live forever, substantially honors LIGHT as the Creator of all things, hence elevates the common idea of the three to the Highest Knowledge of 21st century, the Primary Cause, the First Principle. This event marks a great leap in the continuous rational movement of mankind, a new start.
