

Stephen Krashen (University of Southern California) is an expert in the field of linguistics, specializing in theories of language acquisition and development. Much of his recent research has involved the study of non-English and bilingual language acquisition. During the past 20 years, he has published well over 100 books and articles and has been invited to deliver over 300 lectures at universities throughout the United States and Canada.

Krashen's widely known and well accepted theory of second language acquisition has had a large impact in all areas of second language research and teaching since the 1980s.

True American Rosemary C. Salomone,2010-03-30 How can schools meet the needs of an increasingly diverse population of newcomers Do bilingual programs help children transition into American life or do they keep them in a linguistic ghetto Are immigrants who maintain their native language uninterested in

being American or are they committed to changing what it means to be American In this ambitious book Rosemary Salomone uses the heated debate over how best to educate immigrant children as a way to explore what national identity means in an age of globalization transnationalism and dual citizenship She demolishes popular myths that bilingualism impedes academic success that English is under threat in contemporary America that immigrants are reluctant to learn English or that the ancestors of today s assimilated Americans had all to gain and nothing to lose in abandoning their family language She lucidly reveals the little known legislative history of bilingual education its dizzying range of meanings in different schools districts and states and the difficulty in proving or disproving whether it works or defining it as a legal right In eye opening comparisons Salomone suggests that the simultaneous spread of English and the push toward multilingualism in western Europe offer economic and political advantages from which the U S could learn She argues eloquently that multilingualism can and should be part of a meaningful education and responsible national citizenship in a globalized world

Assessing English Language Learners in the Content Areas Florin Mihai, 2010-06-11 Assessing English Language Learners in the Content Areas A Research into Practice Guide for Educators seeks to provide guidance to classroom teachers staff developers and test item designers who want to improve ELL assessment outcomes particularly in the areas of math science and social studies The first two chapters of the book establish the background for the discussion of content area assessment for ELLs examining several important characteristics of this rapidly growing student population as well as critical legislation affecting ELLs and providing a description of various forms of assessment including how ELL assessment is different from the assessment of English proficient students Important assessment principles that educators should use in their evaluation of tests or other forms of measurement are provided Other chapters review ELL test accommodations nationwide because surprisingly most teachers do not know what they can and cannot allow and the research on the effectiveness of these types of accommodations The book analyzes the characteristics of alternative assessment it discusses three popular alternative assessment instruments performance assessment curriculum based measurement and portfolios and makes recommendations as to how to increase the validity reliability and practicality of alternative assessments The book proposes fundamental assessment practices to help content area teachers in their evaluation of their ELL progress

Closing the Achievement Gap Yvonne S. Freeman, David E. Freeman, Sandra Mercuri, 2002 Struggling older English learners pose a real challenge for educators Some of these students are new arrivals with limited or interrupted schooling Others have been in and out of ESL and bilingual programs in this country since kindergarten but have never succeeded academically How can teachers help older students who lack academic content knowledge and English language proficiency catch up with their classmates Yvonne and David Freeman provide four research based keys for closing the achievement gap three teachers have put this theory into practice to reach their older English learners These teachers organize curriculum around themes use predictable classroom routines and scaffold instruction in a variety of ways The clear examples from their classes will help

other teachers implement effective practices for their older English learners Closing the Achievement Gap features the four keys for school success for older English learners clear distinctions among the types of older English learners in our schools with examples of students from each category a thorough discussion of the kinds of language proficiency older English learners need a review of the latest research on effective practices for older English learners detailed descriptions from the classrooms of three teachers including thematic units they have developed their daily routines and the strategies they use to scaffold instruction professional extension activities to help readers apply the information in this book to their own educational settings For teachers and teacher educators program directors resource personnel and administrators this book offers both the research and practice schools need to develop effective programs to educate struggling older English learners

Teaching Performance Expectations for Educating English Learners María V. Balderrama, Lynne T. Díaz-Rico, 2006
Teacher Performance Expectations for Educating English Learners addresses the needs of elementary and secondary teachers in multilingual classrooms including second language learning across multiple academic subjects Renowned authors Mar a V Balderrama and Lynne D az Rico provide in a single volume the techniques necessary to prepare teachers and other professionals to teach speakers of other languages and cultural backgrounds This timely text is designed to be a comprehensive source of teaching techniques and effective educational practices particularly those that meet California s standardized Teacher Performance Assessment that prospective teachers must take This book specifically addresses those standards by presenting explicit expectations that challenge teachers in multilingual multiethnic classrooms Subscribing to a teaching approach that respects and builds second language skills upon a foundation of native language proficiency Teacher Performance Expectations for Educating English Learners contains the most up to date techniques currently available for promoting linguistic proficiency and features multiple effective teaching methods for the educator of English learners The main tenet of the book is that successful English language learning results from a combination of rich interesting content instruction and a fast moving engaging curriculum
