Perone, 2019-02-15 Listen to the Blues Exploring A Musical Genre provides an overview of this distinctly American musical genre for fans of the blues and curious readers alike with a focus on 50 must hear artists albums and subgenres Unlike other books on the blues which tend to focus on musician biographies Listen to the Blues devotes time to the compositions recordings and musical legacies of blues musicians from the early 20th century to the present Although the author references musical structure harmony form and other musical concepts the volume avoids technical language therefore it is a volume that should be of interest to the casual blues fan to students of blues music and its history and to more serious blues fans The chapters on the impact of the blues on popular culture and the legacy of the blues also put the genre in a broader historical context than what is found in many books on the blues The book opens with a background chapter that provides an overview of the history and structure of blues music A substantial encyclopedic chapter that focuses on 50 must hear blues musicians follows as does a chapter that explores the impact on popular culture of blues music and musicians and a chapter that focuses on the legacy of the genre A bibliography rounds out the work Beyoncé: The Stories Behind the Songs Annie Zaleski, 2025-09-18 Discover the full story behind every single song Beyoncé has ever released From Destiny's Child to Cowboy Carter this is the definitive guide to one of music's greatest ever talents covering hundreds of songs including hit singles hidden gems soundtracks cover versions deep cuts and much more besides Award winning music writer Annie Zaleski Rolling Stone Billboard the Guardian explores and explains the fascinating details of every song from early group hit Say My Name to solo work such as Crazy In Love and Run The World Girls and including the all conquering Cowboy Carter A journey through pop hip hop R B gospel and even country this is Beyoncé's story told through her incredible music **Divine and Devour** Mary E Jung, 2023-10-04 Valen will do anything for his fated mate including break all the rules He's on a mission to bring her from the spirit realm and claim her forever Turns out raising the dead is a lot harder than he imagined Khaos wrote her story but Valen will make sure they get a happily ever after Cimmeria's been dead for five thousand years but that means nothing when you form a heart song with the living Forbidden to bond with her fated mate Cimmeria must go on a quest with Valen to find a way back to the physical plane She crosses worlds for her heart song and he will open the gates of the dead to welcome her home Will they forge a love stronger than death or will the world burn from their untamed desire standalone within a series HEA DUAL POV This will be the start of open door content **The Worst Songs in the World** David Pate, 2024-08-06 The best known songs in the world are violent sexist and religious so why do we celebrate national anthems when we should be rewriting them The story begins in a London theatre in 1745 where the modern idea of anthems started out as triumphant expressions of national superiority They glorified violence claimed the
