Thompson,2023-10-10 Instructional scaffolding is an essential part of teaching literacy But what is scaffolding exactly What does it look like in a classroom and how can we improve the ways we use it Despite its prominence in the repertoire of teaching strategies scaffolding remains a vague concept for many teachers In essence scaffolding is the idea of supporting students as they build independence In The Construction Zone Building Scaffolding for Readers and Writers Terry Thompson identifies four critical processes to deepen your understanding and improve your practice of instructional scaffolding Finding

and maintaining a specific focus Practicing flexibility in planning and delivering instruction Giving constructive feedback in response to student efforts Monitoring to ensure that students are working at optimal levels of responsibility Thompson encourages teachers to enhance their use of the traditional gradual release process through five actionable steps show share support sustain and survey and in doing so provides procedures and techniques to help them establish and maintain strong scaffolds throughout the instructional day The Construction Zone is written from the teacher s perspective and urges educators to fully embrace their role in the scaffolding process while staying mindful of the effect it has on students Taking a student from dependence upon the teacher to independent learning is what teaching is all about and instructional scaffolding is key to accomplishing this goal Regardless of where you are in your understanding of instructional scaffolding The Construction Zone will raise your level of awareness around your instructional practices and the ways you scaffold students to independence
