Stories about Italian cuisine Maurizio Drago, 2023-10-27 Italian cuisine is rich varied and full of original inventions the historical divisions and the peculiarities of territorial values fed over time outlining scenarios of habits passions adaptations and particular conditions different from one place to another but always with the same objective to give better satisfaction to the palate combining what earth can offer with what the culinary art can elaborate Today is called typical regional cuisine with the addition of some specifications such as poor In a sense poor cooking the art of creating rich and sophisticated dishes with simple ingredients is a bearer of the tradition of Italian cuisine Therefore the return is made to that moment more than historical we could call traditional it means to probe the history to go in search of these typical recipes that were created in the rural world from the resources of the territory The essence of authentic Italian cuisine is precisely this a world that contains within itself a thousand facets countless products which are envied by all and above all simplicity which reminds us

Sauces & Shapes: Pasta the Italian Way Oretta Zanini De Vita, Maureen B. Fant, 2013-10-14 Winner of the International Association of Culinary Association IACP Award The indispensable cookbook for genuine Italian sauces and the traditional pasta shapes that go with them Pasta is so universally popular in the United States that it can justifiably be called an American food This book makes the case for keeping it Italian with recipes for sauces and soups as cooked in Italian homes today There are authentic versions of such favorites as carbonara bolognese marinara and Alfredo as well as plenty of unusual but no less traditional sauces based on roasts ribs rabbit clams eggplant arugula and mushrooms to name but a few Anyone who cooks or eats pasta needs this book The straightforward recipes are easy enough for the inexperienced but even professional chefs will grasp the elegance of their simplicity Cooking pasta the Italian way means Keep your eye on the pot not the clock Respect tradition but don t be a slave to it Choose a compatible pasta shape for your sauce or soup but

remember they aren't matched by computer And that angel hair goes with broth not sauce Use the best ingredients you can find and you can find plenty on the Internet Resist the urge to embellish add or substitute But minor variations usually enhance a dish How much salt Don't ask taste Serving and eating pasta the Italian way means Use a spoon for soup not for twirling spaghetti Learn to twirl never cut Never add too much cheese and often add none at all Toss the cheese and pasta before adding the sauce Warm the dishes Serve pasta alone The salad comes after To be perfectly proper use a plate not a bowl The authors are reluctant to compromise because they know how good well made pasta can be But they keep their sense of humor and are sympathetic to all well intentioned readers **Mike Isabella's Crazy Good Italian** Mike
