Ordaining Women B. T. Roberts,2015-11-10 B T Roberts saw the exclusion of women from ordination as analogous to racism His ability to see the new community made possible by Christ offers Christians today a prophetic vision of the difference Christ makes

Roberts's 1891 *Ordaining Women* takes seriously the scriptural promise that Christ has unmasked the false distinctions and repaired the damaged social arrangements of this world. Like the abolition of slavery, the ordination of women becomes yet another obvious sign of the world made new in Christ. With careful attention to biblical interpretation, church tradition, and empirical evidence, Roberts exposes the biases that have long held captive the Christian imagination. In this new edition, Benjamin Wayman offers an updated and fully annotated version of Roberts's original work and demonstrates the breadth and depth of his analysis. Roberts's vision of the gospel challenges the traditional and still dominant view of the global church and invites Christians to reimagine the inclusion of women in ordained ministry. If Christians had for so long been wrong about race, might we today be wrong about gender?

Catholic Hermeneutics Today Benedict Thomas Viviano, 2014-11-11

Biblical hermeneutics, the art of interpreting Scripture, is a controversial subject in the best of times. Lately, the debates have been quite intense in the Roman Catholic Church. The debates deal with issues such as the role of the historical-critical method in relation to devotional use and practice, the dangers of relativism, the right relation between tradition and Scripture, the presence of women even in texts where their presence is not immediately obvious, the possibility of women magi, and the trend of theological aesthetics. Can there still be prophets? The Bible and world religions, the Bible and a theology of history, the Bible and the administration of justice, trends in biblical studies in the United States, France, and Germany before, during, and after the world wars, are other topics treated here.
