accomplishments of these exceptional women a difficult task considering that the Romans recorded very little about women. They thought it improper for a woman's virtues to be praised outside the home. Moreover, they believed that a feeble intellect, a weakness in character, and a general incompetence prevented a woman from participating in public life. Through this investigation, we encounter a number of idiosyncratic personalities. They include the vestal virgin Claudia Cornelia, a matron, the passionate Fulvia, a mime known as Lycoris, the politician Livia, the martyr and writer Vibia Perpetua, a hostess named Helena Augusta, the intellectual Hypatia, and the saint Melania the Younger. Unlike their silent female counterparts, these women stood out in a culture where it was terribly difficult and odd to do so.

Women's Influence on Classical Civilization Eireann Marshall, Fiona Mchardy, 2004-07-31. Written by an international range of renowned academics, this volume explores how women in antiquity influenced aspects of culture normally thought of as male. Looking at politics, economics, science, law, and the arts, the contributors examine examples from around the ancient world, asking how far traditional definitions of culture describe male spheres of activity and examining to what extent these spheres were actually created and perpetuated by women. Women's Influence on Classical Civilization provides students with a valuable wider perspective on the roles and influence of women in the societies of the Greek and Roman worlds.

Women's History in Global Perspective Bonnie G. Smith, 2004. The American Historical Association's Committee on Women Historians commissioned some of the pioneering figures in women's history to prepare essays in their respective areas of expertise. This volume, the second in a series of three, collects their efforts. As a counterpoint to the broad themes discussed in the first volume, Volume 2 is concerned with issues that have shaped the history of women in particular places and during particular eras. It examines women in ancient civilizations, including women in China, Japan, and Korea; women and gender in South and South East Asia; Medieval women; women and gender in Colonial Latin America; and the history of women in the US to 1865. Authors included are Sarah Hughes and Brady Hughes, Susan Mann, Barbara N. Ramusack, Judith M. Bennett, Ann Twinam, and Kathleen Brown. Incorporating essays from top scholars ranging over an abundance of regions, dates, and methodologies, the three volumes of Women's History in Global Perspective constitute an invaluable resource for anyone interested in a comprehensive overview on the latest in feminist scholarship.

Arguments with Silence Amy Richlin, 2014-08-04. Women in ancient Rome challenge the historian. Widely represented in literature and art, they rarely speak for themselves. Amy Richlin, among the foremost pioneers in ancient studies, gives voice to these women through scholarship that scours sources from high art to gutter invective. In Arguments with Silence, Richlin presents a linked selection of her essays on Roman women's history, originally published between 1981 and 2001 as the field of women in antiquity took shape, and here substantially rewritten and updated. The new introduction to the volume lays out the historical methodologies these essays developed, places this process in its own historical setting, and reviews work on Roman women since 2001, along with persistent silences. Individual chapter introductions locate each piece in the social context of Second Wave feminism in Classics and the academy, explaining why

each mattered as an intervention then and still does now Inhabiting these pages are the women whose lives were shaped by great art dirty jokes slavery and the definition of adultery as a wife s crime Julia Augustus daughter who died as her daughter would exiled to a desert island women wearing makeup safeguarding babies with amulets practicing their religion at home and in public ceremonies the satirist Sulpicia flaunting her sexuality and the praefica leading the lament for the dead Amy Richlin is one of a small handful of modern thinkers in a position to consider these questions and this guided journey with her brings surprise delight and entertainment as well as a fresh look at important questions Early European civilization

This book considers gender as a convenient tool for making new boundaries within the European Union It offers a political analysis based on sociological surveys conveyed by the author in 2008 2021 It emphasises the utmost necessity of a proper understanding of specific gender political technologies applied in ethnic and religious diasporas within the EU borders by EU ruling elites to avoid ideological collapse in relations with diaspora political groups and general members The book demonstrates that uncritical application of EU gender equality programs within diasporas may transform gender to a dangerous political force destabilising the European Union The monograph will be of interest for political science researchers legislators and administrators that work with political dimension of gender *Daily Life of Women* Colleen Boyett,H. have been concerned women don't make that history From Romulus through the political stab fest of the late Republic and then on to all the emperors Roman historians may deign to give you a wife or a mother to show how bad things become when women get out of control but history is more than that Emma Southon's *A Rome of One's Own* is the best kind of correction This is a retelling of the history of Rome with all the things Roman history writers relegate to the background or designate as domestic feminine or worthless This is a history of women who caused outrage led armies in rebellion wrote poetry who lived independently or under the thumb of emperors Told with humor and verve as well as a deep scholarly background *A Rome of One's Own* highlights women overlooked and misunderstood and through them offers a fascinating and groundbreaking chronicle of the ancient world [Artemisia Gentileschi](#) Sheila Barker, 2022-02-15 This second volume in the groundbreaking *Illuminating Women Artists* series delves into the stirring life and work of the Baroque painter Artemisia Gentileschi The life of Artemisia Gentileschi 1593-1654 was as exceptional as her paintings She was a child prodigy raised without a mother by her artist father a follower of Caravaggio Although she learned to paint under her father she became an artist against his wishes Later as she moved between Florence Rome Venice Naples and London her artistic style evolved but throughout her career she specialized in large scale powerful nuanced portrayals of women This book highlights Gentileschi's enterprising and original engagement with emerging feminist notions of the value and dignity of womanhood Sheila Barker's cutting edge scholarship in *Artemisia Gentileschi* clears a pathway for all audiences to appreciate the artist's pictorial intelligence as well as her achievement of a remarkably lucrative and high profile career at a time when few women were artists Bringing to light newly attributed paintings and archival discoveries this is the first biography to be written by an authority on Gentileschi since 1999 The volume is beautifully illustrated and Barker weaves this extraordinary story with in depth discussions of key artworks such as *Susanna and the Elders* 1610 *Judith Beheading Holofernes* c. 1619-20 and *Lot and His Daughters* 1640-45 Also included is the J Paul Getty Museum's recent acquisition *Lucretia* c. 1635-45 Through such works Barker explores the evolution of Gentileschi's expressive goals and techniques **Feminist Theory and the Classics** Nancy Sorkin Rabinowitz, Amy Richlin, 2014-02-25 Provides the first broad introduction to feminist work in classical studies Including lesbian theory black feminist theory American and French feminist theory classics will never be the same again *Ridpath's History of the World* John Clark Ridpath, 1901
