Schaefer,2013-10-08 Through a study of the church of Santa Prassede Mary

M Schaefer offers a compelling examination of the golden ages for women active in ecclesial ministries critically measuring feminist claims and providing evidence contrary to the official Roman position that women have never been ordained in the Catholic Church. The ninth century church of Santa Prassede has been studied intensively in recent years yet no scholar has yet recognized the significance of the balanced male and female imagery both men and women disciples Peter and Paul as family friends Praxedes and her sister as house church leaders in the post apostolic period assisted by bishop Pius I and Pope Paschal's mother Theodora episcopa for example Praxedes' identification as presbytera by a Roman priest historian in 1655 and by the Benedictine prior of the church in 1725 prompts analysis of women's ordination rites in churches of East and West. Santa Prassede preserves one of the largest intact programs of church decoration in Rome up to 1200. Schaefer investigates its scriptural and liturgical sources and in turn reexamines its foundation myth. With the story of the church Schaefer provides a detailed study of women in pastoral office especially diaconas presbyteras and episcopal abbesses from the first through twelfth centuries in the West. Women in Pastoral Office also shows how the liturgy as well as the vita of Praxedes and her sister Pudentiana whose fourth century church is located down the hill shaped this outstanding commission of the builder Pope Paschal I 817-824.

Vatican Council II Elizabeth Harrington, David Orr, Carmel Pilcher, 2013-08-31 Sacrosanctum Concilium opened the door to all Christians to understand the contemporary challenge to their life and health and it started with the reform of the liturgy. In the words of Paul VI the liturgy is the first source of life communicated to us the first school of our spiritual life the first gift we can give to Christian people by our believing and praying and the first invitation to the world. That is surely true for all of us.

The ABC of Sunday Matters Mark O'Brien, 2013-10-01 This book provides reflections on the Sunday Bible readings in the Roman Catholic Lectionary for Years A, B and C of the liturgical cycle. Reading Ireland Raymond Gillespie, 2013-07-19 This fascinating and innovative study explores the lives of people living in early modern Ireland through the books and printed ephemera which they bought borrowed or stole from others While the importance of books and printing in influencing the outlook of early modern people is well known recent years have seen significant changes in our understanding of how writing and print shaped lives and was in turn shaped by those who appropriated the written word This book draws on this literature to shed light on the changes that took place in this unusual European society The author finds that there almost uniquely in Europe a set of revolutions took place which transformed the lives of the Irish in unexpected ways and that the rise of writing and the spread of print were central to an understanding of those changes which have previously only been understood to have been the result of conquest and colonisation This is a book which will be read not only by those interested in the Irish past but by all those who are concerned with the impact of communications media on social change
