**Passionate Friendship** Deborah M. Shamoon, 2012-03-13 Shōjo manga are romance comics for teenage girls. Characterized by a very dense visual style featuring flowery backgrounds and big-eyed androgynous boys and girls, it is an extremely popular and prominent genre in Japan. Why is this genre so appealing? Where did it come from? Why do so many of the stories feature androgynous characters and homosexual romance? *Passionate Friendship* answers these questions by reviewing Japanese girls' print culture from its origins in 1920s and 1930s girls' literary magazines to the 1970s revolution of shōjo manga when young women artists took over the genre. It looks at the narrative and aesthetic features of girls' literature and illustration across the twentieth century, both pre and postwar, and discusses how these texts addressed and formed a reading community of girls even as they were informed by competing political and social ideologies. The author traces the development of girls' culture in pre-World War II magazines and links it to postwar teenage girls' comics and popular culture. Within this culture, as private and cloistered as the schools most readers attended, a discourse of girlhood arose that avoided heterosexual romance in favor of S relationships: passionate friendships between girls. This preference for homogeneity is echoed in the postwar genre of boys' love manga written for girls. Both prewar S relationships and postwar boys' love stories gave girls a protected space to develop and explore their identities and sexuality apart from the pressures of a patriarchal society. Shōjo manga offered to a reading community of girls a place to share the difficulties of adolescence as well as an alternative to the image of girls purveyed by the media to boys and men. *Passionate Friendship's* close literary and visual analysis of modern Japanese girls' culture will appeal to a wide range of readers, including scholars and students of Japanese studies, gender studies, and popular culture.

**Desire and Consent in Representations of Adolescent Sexuality with Adults** Maureen Turim, Diane Waldman, 2023-10-02 This book presents an innovative comparative view of how the issue of adolescent sexuality and consent is differently treated in various media. Analyzing teenage sexual encounters with adults across a variety of media, including films, television, novels, and podcasts, the volume takes a positive stance on the expression of teenage sexuality while remaining sensitive to the power of adults to abuse and manipulate. The anthology treats these representations as negotiations between conflicting forces: desire, sexual self-knowledge, unequal power, and the law. The latter, both actual legal statutes and internalized law, in the philosophical and psychoanalytic sense. Questions of unequal power inherent in such relations are theorized. The authors examine variations of this configuration of sexual relations between teenagers and adults from different perspectives to consider how various forms of expression rework it formally. These essays are attuned to both nuances of presentation and contexts of reception, and they consider how aesthetics play a role. Contributing to the general debate about the ways that societies construct and regulate

adolescent sexuality this book will be of great interest to scholars and students of media studies cultural studies film studies television studies sociology and gender studies
