Report, 1881 Reports Great Britain. Royal Commission on Historical Manuscripts, 1881 **Making Domesday** Stephen Baxter, Julia Crick, C. P. Lewis, 2025-04-12 Making Domesday presents a fresh interpretation of William the Conqueror's survey of England made possible by a major collaborative study and a new online edition of Exon Domesday the earliest of the three original manuscripts to survive from the Domesday survey The book addresses big questions about pre modern government written records and the use of intelligence in both senses the minds behind the planning and execution of Domesday and the information about England that Domesday gathered It characterizes Exon as the surviving part of the working papers of one of the writing offices that over a period of ten weeks in summer 1086 dealt with all seven circuits regional groupings of shires of the Domesday survey The circuit offices had the task of recasting the manorial descriptions assembled in an earlier stage of the survey into an interim form intended for further redaction as Great Domesday Book by rearrangement rewording and abbreviation A new deep understanding of the codicology and palaeography of Exon underpins every part of the analysis and offers a model of documentary production for royal government at an exceptionally early period in western Europe Part I describes and analyses each Exon text in unprecedented detail Part II places Domesday in context and in broad comparative perspective ranging across and beyond the Latin West The dual approach provides a new interpretation of Domesday and a deeper understanding of both the Domesday survey and Domesday Book It emerges that the survey was even more complex than we had dared to imagine involving the production of different kinds of text intended to meet a range of fiscal and political needs It is also clear that the survey was immediately effective transforming the politics

of land in a newly conquered society Domesday has always been thought awesome as its very name shows Making Domesday contends that it was also a feat of intelligent government deployed by an aggressive and ambitious regime As such it speaks to broader concerns with the colonial domination of conquered societies through the purposeful collection of systematic statistical information

Technology as a Tool for Diversity Leadership: Implementation and Future Implications

Lewis, Joél, Green, André M., Surry, Daniel W., 2012-12-31 Although diversity and leadership are not new concepts the changing of populations advances in technology and development of theoretical perspectives have led to the emergence of diversity leadership as an important field of study As technology continues to bring people together it aids in the organizational approach of embracing uniqueness and finding innovative ways to reach higher levels of performance Technology as a Tool for Diversity Leadership Implementation and Future Implications focuses on the technological connections between diversity leadership and the focus on inclusivity involvement and communication to meet the needs of multicultural environments This book highlights societal implications in real world problems and performance improvement in organizations
