Rubric Nation Michelle Tenam-Zemach, Joseph E. Flynn, 2015-04-01 What is a rubric and how are they being used in teacher education and evaluation When did rubrics become ubiquitous in the field of education What impact do rubrics have on students teachers teacher educators and the educational enterprise This book is an edited volume of essays that critically examine the phenomenon of rubrics in teacher education evaluation and education more broadly Rubrics have seen a dramatic rise in use and presence over the past twenty five years in colleges of education and districts across the country Although there is a wealth of literature about how to make rubrics there is scant literature that explores the strengths and weaknesses of rubrics and the impact the rubric phenomenon is having in reshaping education The chapters included in this edited volume will critically reflect on the contemporary contexts of rubrics and the uses and impact of rubrics in education Since rubrics have become indelible in education it is necessary for a fuller nuanced discussion of the phenomenon Creating a book that explores these aspects of rubrics is timely and fundamental to expanding the discourse on this ubiquitous evaluation tool This book is not meant to be a series of chapters dedicated to best practices for creating

rubrics nor is this text meant to present all sides of the rubric discussion Rather this text intends to offer critical polemics about rubrics that can spur greater critical discussion about a phenomenon in education that has largely been unquestioned in the literature

Automated Essay Scoring Beata Beigman Klebanov, Nitin Madnani, 2022-05-31 This book discusses the state of the art of automated essay scoring its challenges and its potential One of the earliest applications of artificial intelligence to language data along with machine translation and speech recognition automated essay scoring has evolved to become both a revenue generating industry and a vast field of research with many subfields and connections to other NLP tasks In this book we review the developments in this field against the backdrop of Elias Page s seminal 1966 paper titled The Imminence of Grading Essays by Computer Part 1 establishes what automated essay scoring is about why it exists where the technology stands and what are some of the main issues In Part 2 the book presents guided exercises to illustrate how one would go about building and evaluating a simple automated scoring system while Part 3 offers readers a survey of the literature on different types of scoring models the aspects of essay quality studied in prior research and the implementation and evaluation of a scoring engine Part 4 offers a broader view of the field inclusive of some neighboring areas and Part ref part5 closes with summary and discussion This book grew out of a week long course on automated evaluation of language production at the North American Summer School for Logic Language and Information NASSLLI attended by advanced undergraduates and early stage graduate students from a variety of disciplines Teachers of natural language processing in particular will find that the book offers a useful foundation for a supplemental module on automated scoring Professionals and students in linguistics applied linguistics educational technology and other related disciplines will also find the material here useful

Rethinking Rubrics in Writing Assessment Maja Wilson, 2006 The conventional wisdom in English education is that rubrics are the best and easiest tools for assessment But sometimes it s better to be unconventional In *Rethinking Rubrics in Writing Assessment* Maja Wilson offers a new perspective on rubrics and argues for a better more responsive way to think about assessing writers progress Though you may sense a disconnect between student centered teaching and rubric based assessment you may still use rubrics for convenience or for want of

better alternatives Rethinking Rubrics in Writing Assessment gives you the impetus to make a change demonstrating how rubrics can hurt kids and replace professional decision making with an inauthentic pigeonholing that stamps standardization onto a notably nonstandard process With an emphasis on thoughtful planning and teaching Wilson shows you how to reconsider writing assessment so that it aligns more closely with high quality instruction and avoids the potentially damaging effects of rubrics Stop listening to the conventional wisdom and turn instead to a compelling new voice to find out why rubrics are often replaceable Open Rethinking Rubrics in Writing Assessment and let Maja Wilson start you down the path to more sensitive authentic style of writing assessment
