Middle England Jonathan Coe, 2020-07-14 A comedy for our times The Guardian Middle England is a piercing and provocative novel about a country in crisis From the frenzy of the 2012 Olympics to the aftermath of the Brexit referendum here Jonathan Coe chronicles the story of modern Britain by way of a cast of characters whose world is being upended There are newlyweds who disagree about the country's future and possibly their relationship a political commentator who writes impassioned columns about austerity from his lavish town house while his radical teenage daughter undertakes a relentless quest for universal justice and Benjamin Trotter who embarks on an apparently doomed new career in middle age and his father whose last wish is to vote to leave the European Union A sequel to The Rotters Club and The Closed Circle that stands entirely alone Middle England is a darkly comic look at our strange new world

Israel Has a Jewish Problem Joyce Dalsheim, 2019-10-17 The long standing debate about whether the State of Israel can be both Jewish and democratic raises important questions about the rights of Palestinian Arabs In Israel Has a Jewish Problem Joyce Dalsheim argues that this debate obscures another issue Can the Jewish state protect the right to be Jewish whatever form that being might take Drawing on extensive ethnographic fieldwork she investigates that question by looking at ways in which Jewish citizens of Israel struggle to be Jewish within the confines of a Jewish state She focuses on everyday experiences on public interpretations of the possibilities of being Jewish in the context of state policy and on media representations of conflicts between Jewish citizens over social religious and political issues Despite Israel's claim that every religious community is free by law and in practice to exercise its faith observe its holidays and administer its internal affairs Israel is foundationally a Jewish state It privileges Orthodox regulation of who will be considered a Jew of marriage and family law and of conversion This arrangement and the constant tensions it has produced over the years is often understood as a compromise between secular and religious political factions But this religious secular framing conceals broader patterns inherent in nationalist projects more generally Using insights from Franz Kafka's writing as a theoretical lens through which the ethnographic data can be viewed Dalsheim interrogates the relationship between nationalism and religion asking what kinds of liberation have been achieved by Jews in the Jewish State Ultimately the book argues in a Kafkaesque reversal of the liberatory promise of national sovereignty that national self determination involves collective self elimination
