The Complete Guide to Customer Support Joe Fleischer, 2002-01-04 Today's support operations face greater responsibilities than the help desks of the 1990s. That's because customers expect 24x7 assistance on whatever channel they choose no matter what type of products and/or services they buy. **The Complete Guide to Customs Bulletin**, 1997-08

Customs Bulletin and Decisions, 1997, **Postal Services in the Digital Age** M. Finger, B. Bukovc, M. Burhan, 2014-06-11 In recent years the postal sector has undergone radical changes which have primarily been driven by operational and technological developments. Not only has the advent of Information and Communication Technology (ICT) added competition to the market but it has also provided ample opportunity for the broadening and improvement of services and product range. This book deals with the challenges faced by the postal sector in the digital age and with the vast opportunities that technological advancements offer postal operators with regard to developing new business solutions and services tailored to the needs of their customers. It provides an analysis of these opportunities and identifies the ways in which postal operators might benefit from the digital age and new market requirements. The book is divided into three main parts: various digital dimensions, e-commerce challenges and opportunities for partnership with governments. A final chapter discusses the developments described in the book and the views and ideas of the authors. The book will be of interest to all those responsible for developing and running postal services as well as to anyone affected by the changes which have already taken place or the possibilities opening up for new and improved services. *Dave Lieber's Watchdog Nation: Bite Back When Businesses and Scammers Do You Wrong* Dave Lieber, 2010-10 From one of America's last crusading newspaper columnists, Dave Lieber's Watchdog Nation shares tips, tools, and strategies to bite back when businesses and scammers do you wrong.
