different countries one country a week for fifty two weeks and each time we virtually visited a country we also explored it in other ways by listening to its music by talking about its history and so on Why am I focusing on the food Because after all all said and done it was the food that spurred each of these twenty six parties While we discussed politics and history while we listened to music the central focal point of the party was always the food *The Ultimate Guide to Pitcher Drinks* Sharon Tyler Herbst,2009-04-23 In the mood for a Summer Hummer How about a French Flirt or a Neon Nexus or Maybe even a Sin City Slider This book includes these and 150 more cool cocktails for a crowd everything from classics like Sangr a Martinis and Manhattans to newer favorites like Kamikazes and Mudslides to international raves such as Brazil s Caipirinha and Cuba s Mojito not to mention liquor free variations Plus there s information on mixing techniques ingredients equipment and glassware hangover helpers tips on party food for non cooks and a user friendly index that lists recipes by ingredients Serving pitcher drinks is an ingeniously effortless way to entertain and still have fun at your own party It s an idea whose time has come in fact it s long overdue No doubt about it a premixed pitcher of drinks is a huge asset to any gathering Making individual cocktails not only takes time but removes you from the action So mix up a batch of pitcher drinks and join in the party They re stylish fun and easy and they definitely take the angst out of entertaining **America'S Favorite Recipes the Melting Pot Cuisine** Uma Aggarwal,2016-11-10 America is called a melting pot of all cultures As the immigration of different cultures continue to flood this land of opportunity a revolution is taking place in the fusion of their cultures and cuisines This transformation has been very prominent in the last 50 years and it is clearly visible in the emerging American cuisine Practically this cuisine has fused to become a spectacular global cuisine In my book I am not only giving the recipes that we love so dearly but also tried to emphasize the history and origin of these recipes and describe the use of healthful ingredients and spices to prolong your life We have to watch what we eat I am trying to bring this point to the attention of the reader that according to ancient Indian treatises and modern scientific research it is established that the use of spices is not only for taste but it is for their hidden meaning They have anti carcinogenic properties and their use is very important to maintain a good healthy lifestyle Americans are heavily ridden with obesity heart diseases diabetes breast cancer and many other diseases Being an American East Indian pioneer with my east Indian wisdom of Ayurvedas my idea is to make these exotic recipes as healthy as possible by using these spices I have also tried to capture and write the history and origin of these recipes My basic point of view is that to make the food delicious use fresh ingredients herbs and spices and do not try to over load them with various cheeses creams sugars and lards to make them delicious You are what you eat Most of these foreign recipes have historical dimensions and origin They have now shaped themselves gradually to suit the American pallet and have become an integral part of American cuisine We can make them equally delicious by wisely using healthful ingredients In order to make these books interesting and enjoyable they are written with easy step by step instructions I am hopeful that these books Americas Favorite Recipes Part I Part II and Part III will soon become your
