Zimbabwe's politics of the dead Challenging and innovative he takes us beyond current scholarship on memory commemoration and the changing significance of traditional death practices to examine the political implications of human remains as material substances as duplicitous rumours and as returning spirits Linking the indeterminacy of human substances to the productive but precarious uncertainties of rumours and spirits the book points to how the incompleteness of death is politically productive and ultimately derives from the problematic entangled excessivities of human material and immaterial existence and is deeply intertwined with the stylistics of postcolonial power and politics Joost Fontein is Professor of Anthropology University of Johannesburg He was previously Director of the British Institute in Eastern Africa and Lecturer in Social Anthropology at the University of Edinburgh His books include *Remaking Mutirikwi Landscape Water and Belonging* James Currey 2015 shortlisted for the African Studies Association 2016 Herskovits Prize Southern Africa South Africa Namibia Lesotho Swaziland and Botswana University of Johannesburg Press *Knowledge and Practice in Business and Organisations* Kevin Orr, Sandra Nutley, Shona Russell, Rod Bain, Bonnie Hacking, Clare Moran, 2016-03-22 Knowledge and Practice in Business and Organisations contributes to scholarly understanding of knowledge and practice mapping the conceptual terrain providing a critical review of debates in the field and setting out key theoretical perspectives Knowledge and practice are explored in a range of organisational and policy settings through six context specific discussions The collection helps shape the field identify areas for future research inquiry and suggest implications for practitioners The range of sites of inquiry represented in the book e.g. craft working accounting public sector organisations creative industries health care and so on make the book distinctive enabling the reader to connect debates and ideas from across a range of sectors and disciplines The book charts different currents of debate which have hitherto tended to remain unconnected In one accessible volume this book provides an excellent introduction to a set of concepts that have animated scholarly conversations across a range of disciplines and provides cases and examples of practices which come from beyond any one particular sector Aimed at researchers and academics in the field this book is a valuable source helping define and progress the scholarly debate Zimbabwe Press Mirror, 2000 **Zimboldicious Anthology: Volume 3** Rinos Mwanaka, 2018-09-23 Zimboldicious Anthology An Anthology of Zimbabwean Literature and Arts Volume 3 contains 5 short stories 51 poems 1 nonfiction piece and 3 drawings from Zimbabwean writers and artists Zimbabwe continues to tumble on its unshakable political trajectory since Robert Mugabe was removed as president via a military coup Much of the writing in this anthology addresses both the current political situation and the hope of the Zimbabweans for a free and fair election in 2018 Within the pieces a lot of questions anger mistrust remain alongside uncertainties around the enigmatic political landscape of Zimbabwe and the Zimbabwean people Despite this the writers have a lot to celebrate and also touch on issues to do with love morality spirituality tradition relationships family identity individuality and joy **Zimboldicious Anthology: Volume 3** Mwanaka, Tendai Rinos, 2018-09-23 Zimboldicious Anthology An Anthology of Zimbabwean Literature and Arts Volume 3 contains 5 short
