Davis,2021-04-06 After a cascade of failures left residents of Flint Michigan without a reliable and affordable supply of safe drinking water citizens spent years demanding action from their city and state officials Complaints from the city s predominantly African American residents were ignored until independent researchers confirmed dangerously elevated blood lead levels among Flint children and in the city s tap water Despite a 2017 federal court ruling in favor of Flint residents who had demanded mitigation those efforts have been incomplete at best Assessing the challenges that community groups faced in their attempts to advocate for improved living conditions Tainted Tap offers a rich analysis of conditions and constraints that created the Flint water crisis Katrinell Davis contextualizes the crisis in Flint s long and troubled history of delivering essential services the consequences of regional water management politics and other forms of systemic neglect that impacted the working class community s health and well being Using ethnographic and empirical evidence from a range of sources Davis also sheds light on the forms of community action that have brought needed changes to this underserved community **The Texas Landscape Project** David A. Todd,Jonathan Ogren,2016-06-14 The Texas Landscape Project

explores conservation and ecology in Texas by presenting a highly visual and deeply researched view of the widespread changes that have affected the state as its population and economy have boomed and as Texans have worked ever harder to safeguard its bountiful but limited natural resources Covering the entire state from Pineywoods bottomlands and Panhandle playas to Hill Country springs and Big Bend canyons the project examines a host of familiar and not so familiar environmental issues A companion volume to The Texas Legacy Project this book tracks specific environmental changes that have occurred in Texas using more than 300 color maps expertly crafted by cartographer Jonathan Ogren and over 100 photographs that coalesce to fashion a broad portrait of the modern Texas landscape The rich data compiled by author David Todd are presented in clearly written yet marvelously detailed text that gives historical context and contemporary statistics for environmental trends connected to the land water air energy and built world of the second largest and second most populated state in the nation An engaging read for any environmentalist or conscientious citizen The Texas Landscape

Project provides a true sense of the grand scope of the Lone Star State and the high stakes of protecting it To learn more about The Meadows Center for Water and the Environment sponsors of this book s series please click here

Memorandum of a Journey from Hartford to Niagara Falls and Return in 1828 Nathaniel Goodwin,1909 Food Power Bryan L. McDonald,2016-11-01 Food Power brings together the history of food agriculture and foreign policy to explore the use of food to promote American national security and national interests during the first three decades of the Cold War *Democracy's Detectives* James T. Hamilton,2016-10-10 Investigative journalism holds democracies and individuals accountable to the public But important stories are going untold as news outlets shy away from the expense of watchdog reporting Computational journalism using digital records and data mining algorithms promises to lower the cost and increase demand among readers James Hamilton shows **In Deep Water** Michael Brennan,2019-09-13 Irish Water was set up in 2013 to introduce the most ambitious water metering programme in the world The plan was to get Irish people to finally pay to upgrade a nineteenth century water system The water metering programme began in August 2013 and was carried out at breakneck speed However it did not go to plan and the issue of water charges divided Ireland There were nationwide demonstrations and confrontations in housing estates involving water meter contractors garda and water charge protesters The programme ended in political disaster with a humiliated government having to send out one million refunds With access to unpublished documents and interviews with the key personalities on both sides In Deep Water provides a blow by blow account of how it all went wrong The rows at cabinet The warnings that went unheeded The water women The smartphone wielding protesters And the minister who threatened to reduce people s water to a trickle Compulsively readable and fast paced In Deep Water gives an inside view of the controversy that divided Ireland
