

Analyse linéaire 16 : Le portrait de Pauline (Pauline, A.Dumas, 1838).

Pages 10-11, lignes 24 à 63 de l'édition classico lycée.

Introduction :

La fin du XVIII^e siècle est marquée par l'émergence, en Angleterre, d'un nouveau genre littéraire : le roman gothique. Préfigurant certaines caractéristique du fantastique, notamment pour son atmosphère étrange et incorporant des éléments phares du romantisme, notamment celle de protagonistes tourmentés, le gothique fait la part belle aux personnages détenteurs de lourds secrets dont les états d'âme nourris par le Mal du siècle qui les ronge sont souvent reflétés dans des décors de mystérieux châteaux, de ruines ou d'abbayes au passé trouble, comme dans le roman Pauline d'Alexandre Dumas, publié en 1838 et organisé sous forme de récit enchâssé.

L'auteur des Trois Mousquetaires, du Comte de Monte-Cristo et de la Reine Margot se met en scène en tant que narrateur et fait allusion à l'un de ses voyages en Suisse pour introduire le personnage de Pauline, qui apparaît ainsi comme un être ayant réellement existé et insufflant un certain crédit au récit. Néanmoins, le portrait de la jeune femme demeure très mystérieux, celle-ci tenant à rester en retrait des hommes et du monde. Cet extrait pourrait être considéré comme le véritable incipit du roman, puisqu'il ouvre le récit enchâssé et annonce de manière programmatique les thèmes à venir.

Problématique : nous verrons en quoi ce portrait à valeur introductive illustre les caractéristiques du romantisme et du gothique.

On peut identifier trois mouvements (notez les lignes correspondantes)

I. Des informations sciemment imprécises.

II. L'entrée en scène, suite à un effet d'attente, d'une mystérieuse protagoniste

III. La mort, une thématique prépondérante dans l'œuvre.

I. Des informations sciemment imprécises.

Le portrait de Pauline est dressé du point de vue d'un narrateur qui ne la connaît pas réellement. La première personne du singulier est un indice important de la focalisation interne. On trouve également des verbes d'opinion qui montrent la subjectivité du récit: «elle me parut» (l. 30), «il me sembla» (l. 53), «il me semblait» (l. 56). Ces verbes manifestent l'incompréhension du narrateur qui ne connaît pas réellement la jeune femme qu'il croise et qui ne comprend pas son attitude. On trouve
