

The background of the cover is a detailed illustration of a molecular lattice, likely diamond or silicon, with grey spheres representing atoms and blue rods representing bonds. Scattered across this lattice are several translucent, spherical structures. One large red sphere is prominent in the center-left, featuring a pattern of white circular spots. To its right and slightly above is a large yellow sphere with a similar white spot pattern. Several smaller spheres, both red and yellow, are scattered in the lower right quadrant. The overall lighting creates a sense of depth and highlights the textures of the spheres and the lattice.
