Culture and Cooking Catherine Owen, 2008-07 Catherine Owen's 1881 *Culture and Cooking* is not a recipe book per se but rather an attempt to help readers understand food. She explains the processes of why recipes work and aims to elevate cooking in America to an art form rather than a utilitarian daily process of feeding the body. The recipes she does provide are written like a work of literature rather than a listing of ingredients and directions to give readers a thorough understanding of cookery so that American cooks will begin like the French to see cooking as an art. *The Agricultural Gazette and Modern Farming*, 1911
