

Flowering Plant's Life Cycle Writing Prompt

Standard 6-3.8

Write a story about your life as a seed to identify and explain the stages of the life cycle of a flowering plant. ["I am a seed..."] Use your imagination to describe what happens in your life as you go through each stage of a flowering plant's life cycle. You will start off as a seed but won't stay that way for long! You may be any species of flowering plant. Use details and be creative!

Remember the stages:

- Germination
- Plant Development
- Fertilization (if that happens here! Be sure to include important flower parts!)
- Seed Production
