Issues in South African Military Psychology Nicole Dodd,Petrus C. Bester,Justin van der Merwe,2020-05-13

Contemporary Issues in South African Military Psychology is a well timed extremely thought provoking imperative particular to the African context and deals with a highly contemporary issue within the people management and the management studies fields specifically in the military field and context This is specifically of importance as military psychology is a behavioural science that combines theory and practical application Prof Karel Stanz University of Pretoria Defence Policy

of Nigeria: Capability and Context Charles Quarker Dokubo,Celestine Oyom Bassey,2011-01-20 This Reader provides a structurally coherent explanation and review of the magnified role conception and organizational task expansion for the Nigerian military establishment in foreign policy It argues essentially that one of the most problematic and intractable areas of public policy in Nigeria since the Civil War concerns the development of a professional defence establishment adequate to meet the challenges arising from the altered parameters of iour security environment The correction of this condition is the primary motivation of the Armed Forces modernization and augmentation program that touches upon all elements of Nigeria s military power This Reader is at once a review and a critique of the major facets of this modernization and augmentation process of the Nigerian armed forces within the operative context of the changing dimension of threat perception and the strategic parameters that have guided Nigerian military planning since the Civil War in 1970 The Pitfalls of Liberal

Democracy and Late Nationalism in South Africa M. Muiu,2008-12-08 This book compares African and Afrikaner nationalisms to demonstrate that the transition from apartheid to liberal democracy in South Africa was a neo colonial settlement that left the economy and the military and security sectors under the control of the white minority while increasing wide socioeconomic disparities between rich and poor **Women and Gender Perspectives in the Military** Robert

Egnell,Mayesha Alam,2019-02-01 Women and Gender Perspectives in the Military compares the integration of women gender perspectives and the women peace and security agenda into the armed forces of eight countries plus NATO and United Nations peacekeeping operations This book brings a much needed crossnational analysis of how militaries have or have not improved gender balance what has worked and what has not and who have been the agents for change The country cases examined are Sweden the Netherlands Canada the United States the United Kingdom Israel Australia and South Africa Despite increased opportunities for women in the militaries of many countries and wider recognition of the value of including gender perspectives to enhance operational effectiveness progress has encountered roadblocks even nearly twenty years

after United Nations Security Council Resolution 1325 kicked off the women peace and security agenda Robert Egnell Mayesha Alam and the contributors to this volume conclude that there is no single model for change that can be applied to every country but the comparative findings reveal many policy relevant lessons while advancing scholarship about women and gendered perspectives in the military Noseweek ,2008 African Armed Forces Journal ,2005-02 *Financial Mail* ,2006-07 **Dismissed** Jakkie Cilliers,1996 **Politeia** ,1997 English and Afrikaans with abstracts in English

HIV/AIDS and Society in South Africa Angela Ndinga-Muvumba,Robyn Pharoah,2008 Do we know how HIV AIDS may affect different sectors of society possibly altering the course set for development This book presents a multidisciplinary overview of the discourse on HIV AIDS and explores the concept of human security and the global development agenda

Umrabulo ,2002 Dare Not Linger Nelson Mandela,Mandla Langa,2017-10-24 A memoir of Mandela s time in office as the first president of a democratic South Africa completed and expanded with his personal notes and speeches I have discovered the secret that after climbing a great hill one only finds that there are many more hills to climb I have taken a moment here to rest to steal a view of the glorious vista that surrounds me to look back on the distance I have come But I can rest only for a moment for with freedom comes responsibilities and I dare not linger for my long walk is not ended In 1994 Nelson Mandela became the first president of a democratic South Africa From the outset he was committed to serving only a single five year term During his presidency he and his government ensured that all of South Africa s citizens became equal before the law and he laid the foundation for turning a country riven by centuries of colonialism and apartheid into a fully functioning democracy Dare Not Linger is the story of Mandela s presidential years drawing heavily on the memoir he began to write as he prepared to leave office but was unable to finish Now the acclaimed South African writer Mandla Langa has completed the task using Mandela s unfinished draft detailed notes that Mandela made as events were unfolding and a wealth of unseen archival material With a prologue by Mandela s widow Gra a Machel the result is a vivid and often inspirational account of Mandela s presidency and the creation of a new democracy It tells the story of a country in transition and the challenges Mandela faced as he strove to make his vision for a liberated South Africa a reality Underneath the history that has been made there is a human being who chose hope over fear progress over the prisons of the past Even as he became a legend to know the man Nelson Mandela is to respect him even more Barack Obama A rare human being who in freeing himself of his demons also became free to give his extraordinarily leadership to his country and the world Bill Clinton A critically important document as the principal firsthand record of Mandela s tumultuous time in office and the often ingenious measures he took to bring about peace the book contains many such practical lessons in governance Essential to students of Mandela s political career as well as of modern African history Kirkus Reviews
