Directory of Automated Criminal Justice Information Systems ,1986 *Racial Profiling* Michael L. Birzer,2012-11-14 Many racial minority communities claim profiling occurs frequently in their neighborhoods Police authorities for the most part deny that they engage in racially biased police tactics A handful of books have been published on the topic but they tend to offer only anecdotal reports offering little reliable insight Few use a qualitative methodological lens to provide the context of how minority citizens experience racial profiling *Racial Profiling They Stopped Me Because I m* places minority citizens who believe they have been racially profiled by police authorities at the center of the data Using primary empirical studies and extensive in depth interviews the book draws on nearly two years of field research into how minorities experience racial profiling by police authorities The author interviewed more than 100 racial and ethnic minority citizens Citing 87 of these cases the book examines each individual case and employs a rigorous qualitative phenomenological method to develop dominant themes and determine their associated meaning Through an exploration of these themes we can learn What racial profiling is its historical context and how formal legal codes and public policy generally define it The best methods of data collection and the advantages of collecting racial profiling data How certain challenges can prevent data collection from properly identifying racial profiling or bias based policing practices Data analysis and methods of determining the validity of the data The impact of pretextual stops and the effect of *Whren v United States* A compelling account of how minority citizens experience racial profiling and how they ascribe and give meaning to these experiences the book provides a candid discussion of what the findings of the research mean for the police racial minority citizens and future racial profiling research Michael L Birzer was recently interviewed on public radio about his book *Racial Profiling They Stopped Me Because I m* **An Introduction to American Policing** Stevens,2017-05-08 *An Introduction to American Policing* Second Edition connects the US criminal justice system criminology and law enforcement knowledge to the progress of the police community It is the perfect resource for a Police Science course *Police and Peace Officers' Journal of the State of California* ,1927 **Hearings Before and Special Reports Made by Committee on Armed Services of the House of Representatives on Subjects Affecting the Naval and Military Establishments** ,1971 California. Taser Electronic Control Devices and Sudden In-custody Death Howard E. Williams,2008 Negative sentiment regarding conducted energy weapons is due largely to a lack of understanding about the technology behind such weapons and a misunderstanding of those weapons' physiological effects Media accounts that speculatively associate sudden in custody deaths with the use of conducted energy weapons only add to the confusion

TASER ELECTRONIC CONTROL DEVICES AND SUDDEN IN CUSTODY DEATH documents 310 deaths in the United States proximate to the application of TASER electronic control devices from 1983 through 2006 The study examines the phenomenon of sudden death as it relates to electromuscular disruption technology and TASER electronic control devices by constructing 213 cases studies dating from 1983 through 2005 and analyzing information available from news accounts police reports and autopsies After reviewing the available evidence from this extensive case study the author concludes that these conducted energy weapons are excluded as the cause of death in 182 of the 212 cases In only two cases did the evidence tend to confirm the weapon was either a cause of death or a significant contributing factor While arguing that the TASER electronic control devices are safe less lethal weapons the author also cautions that they are not completely effective He notes that the weapons were not effective in subduing more than 60 percent of violent or aggressive subjects in the 213 case studies and he documents 131 cases of fatal police shootings and one police fatality following the failure of the weapons The only way to determine whether the TASER electronic control devices is responsible for deaths is to separate evidence from conjecture and analyze the facts of each case This book will be an excellent resource for law enforcement professionals attorneys investigators and criminal justice personnel
