Deceased Loved Ones Communicating with Us Ted Baxter,2015-05-19 This book summarizes seventy of my honoring the dead books that I was directed to write by the dead The dead would direct me in my dreams usually within a week after they die to write a book for their loved ones They would tell me what to write what photographs to use and to whom to send the book This is the reason why I had decided to publish this book The dead don't forget you after they die Don't forget them People don't change after they die I've had many good experiences and a few very bad experiences with them If I was able to communicate with the dead you can too It's a very interesting story how I had acquired this capability which I discussed in this book I was not born with that capability I also discuss two of my prior lifetimes which have also helped me communicate with the dead These are all things that I suggest that you know about It all helps like it has helped me It's all true and it can be verified in the seventy books that I have written This book summarizes what is in those seventy books This book gives a number of examples that nothing happens by accident You can be whatever you want to be I did it and you can do it too In this lifetime I meet my mother in my 1620 AD lifetime who had given me my current capabilities **Black Newspapers**
