The Routledge Companion to Aesthetics Berys Nigel Gaut, Dominic Lopes, 2005 Containing fifty four chapters written by leading international scholars and covering all aspects of aesthetics this fully revised second edition includes eight new entries and updated further reading Phenomenology and the Primacy of the Political Véronique M. Fóti, Pavlos Kontos, 2017-05-11 This volume is a Festschrift in honor of Jacques Taminiaux and examines the primacy of the political within phenomenology These objectives support each other in that Taminiaux's own intellectual itinerary brought him increasingly to an affirmation of the importance of the political Divided into four sections the essays contained in this volume engage with different aspects of the political dimension of phenomenology its dialogue with classic texts of political philosophy the political facets of phenomenological praxis phenomenology's contribution to actual political debates and the impact of Taminiaux's work in the shaping of phenomenology's notion of politics The phrase the primacy of the political

echoes the primacy of perception as it was famously defined by Merleau Ponty This book emphasizes however the inescapability of the political rather than its foundational character i e the fact that various itineraries of thought explored in different fields of phenomenological research give rise to politically relevant reflections It points out and elucidates political connotations that haunt phenomenological concepts such as world self nature intersubjectivity or language and traces them to a broad range of approaches concepts and methods In its explorations the book discusses a broad range of thinkers including but not limited to Aristotle and Kant Bergson Husserl Heidegger Merleau Ponty Gadamer Ricoeur and Arendt

Politics and the Concept of the Political James Wiley,2016-05-26 A recent trend in contemporary western political theory is to criticize it for implicitly trying to conquer displace or moralize politics James Wiley s book takes the next step from criticizing contemporary political theory to showing what a more politics centered political theory would look like by exploring the meaning and value of politics in the writings of Max Weber Carl Schmitt Paul Ricoeur Hannah Arendt Sheldon Wolin Claude Lefort and Ernesto Laclau and Chantal Mouffe These political theorists all use the concept of the political to explain the value of politics and defend it from its detractors They represent state centered republic centered and society centered conceptions of politics as well as realist authoritarian idealist republican populist and radical democratic traditions of political thought This book compares these theorists and traditions of the political in order to defend politics from its critics and to contribute to the development of a politics centered political theory **Politics and the Concept of the Political** will be a useful resource to general audiences as well as to specialists in political theory

Merleau-Ponty: An Ontology of the Imaginary Annabelle Dufourcq,2024-11-19 This study brings to light the original concept of the imaginary that emerges from Merleau Ponty s thought It elucidates the main influences that contributed to shaping Merleau Ponty s theory of the imaginary and aims to show that this novel concept constitutes one of the most crucial yet challenging keys to his philosophy and ultimately his ontology This book develops the ontology of the imagery sketched by Merleau Ponty and examines its practical implications As its originally ambiguous and inseparable underside the imaginary is just as central to Merleau Ponty s philosophy as perception The author argues to enlarge the notion of reality by recognizing the imaginary dimension and texture of the real and that Merleau Ponty s ontology of the flesh cannot be separated from an ontology of the imaginary This monograph examines Merleau Ponty s conception of the imaginary against both his aesthetics and his political philosophy and appeals to students and researchers working in phenomenology and continental philosophy

Understanding Barthes, Understanding Modernism Jeffrey R. Di Leo,Zahi Zalloua,2022-07-14 *Understanding Barthes Understanding Modernism* is a general assessment of the modern literary and philosophical contributions of Roland Barthes The first part of the volume focuses on work published prior to Barthes s death in 1980 covering the major periods of his development from *Writing Degree Zero* 1953 to *Camera Lucida Reflections on Photography* 1980 The second part focuses both on the posthumously published material and the legacies of his work after his death in 1980 This later work has attracted attention for example in

conjunction with notions of the neutral gay writing and critiques of everyday life The third part is devoted to some of the critical vocabulary of Barthes in both the work he published during his lifetime and that which was published posthumously

Pillars in the History of Biblical Interpretation, Volume 2 Stanley E. Porter, Sean A. Adams, 2016-11-03 This two volume set is part of a growing body of literature concerned with the history of biblical interpretation The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed Volume 1 contains fourteen essays on twenty two interpreters who were principally active before 1980 and volume 2 has nineteen essays on twenty seven of those who were active primarily after this date Each chapter provides a brief biography of one or more scholars as well as a detailed description of their major contributions to the field This is followed by an often new application of the scholar's theory By focusing on the individual scholars and their work the book recognizes that interpretive approaches arise out of certain circumstances and that scholars are influenced by and have influences upon both other interpreters and the times in which they live This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed

The Structure and Limits of Criminal Law Paul H. Robinson, 2017-10-23 This volume brings together a collection of essays many of them scholarly classics which form part of the debates on three questions central to criminal law theory The first of these questions is what conduct should be necessary for criminal liability and what sufficient The answer to this question has wider implications for the debate about morality enforcement given the concern that the harm principle may have collapsed under its own weight Secondly essays address the question of what culpability should be necessary for criminal liability and what sufficient Here the battles continue over whether the formulation of doctrines such as the insanity defense criminal negligence strict liability and others should ignore or minimize the extent of an offender's blameworthiness in the name of effective crime control Or are methods of accommodating the tension now in sight Finally essays consider the question of how criminal law rules should be best organized into a coherent and clarifying doctrinal structure The structure grown by the common law process competes not only with that of modern comprehensive codifications such as the American Law Institute's Model Penal Code but also with alternative structures imagined but not yet tried

Spectrality in Modernist Fiction Stephen Ross, 2023-06-14 Spectrality in Modernist Fiction argues that key modernist writers chiefly Conrad Forster Butts and Bowen use spectral rhetoric to tackle problems of sex and sexuality revolution imperialism capitalism and desire all through complicated ethical engagements These engagements invariably come packaged in and are shaped by the language of spectrality In its capacity to articulate a particular sort of relationship between the past the present and the future the spectral concerns the basic question of how to proceed how to live with maybe even address ethical indeterminacy Whether their spectral rhetoric traces the logics of

capitalist possession Conrad queer friendship and paganized Christianity Forster regressive politics haunted by historical traumas Butts or the devious passages of perverse desire Bowen these writers locate something like hope in their ghosts The ethical and political impasses they chart through their spectral rhetoric are not final but temporary and the drive to overcome them constitutes a tensile optimism

Right here, we have countless book **Northwestern University Application Essays** and collections to check out.
