J. P. Vaswani, 2018-02-01 A journey of self discovery You may have conquered the whole world but if you have not mastered yourself Do you know where you are going And perhaps the more important question is where do you wish to go Tatah kim Tatah kim asked Adi Shankara centuries ago What then Is making money the be all and end all of life The answer to that question cannot really be found in our diary entries or our schedule of appointments Our activities cannot indicate the answer either It is a question that forces one to reflect on the ultimate goal one has set for oneself In What Then J P Vaswani expertly illustrates the importance of taking a step back and evaluating life Are we living in order to die Or are we living to exist Or to eat drink and be merry for we may die soon Even in the frenetic pursuit of targets and goals we need to pause and reflect on where we are headed where our life is taking us or where we are

trying to reach with our hectic efforts What then Where does one go from here J P Vaswani was one of the leading spiritual luminaries of India A gifted writer and brilliant orator Dada as he was lovingly called addressed distinguished audiences worldwide on love faith joy and peace He was the recipient of several honors including the prestigious U Thant Peace Award He penned over 80 books and many of them have been translated into various foreign languages *Birth of the Financial Thriller* Mikkel Krause Frantzen, 2025-03-31 Discover the untold story of the financial thriller a genre pioneered by Canadian banker turned author Paul Erdman from a Swiss prison cell Starting with the publication of *The Billion Dollar Sure Thing* in 1973 this book explores the genre's evolution as a popular and even vulgar genre of financialisation characterised by volatile plots centred on currency speculation where the central mystery is money not murder By contextualising the rise of financial thrillers within the dramatic events of the 1970s such as the abolition of the Bretton Woods system and the oil crises this book illustrates how a genre found the world of finance during a particular historical moment but also how the world of finance found its genre This compelling narrative connects the past to our present financial landscape making it essential for anyone interested in the intersection of economic literary and cultural history **Harnessing Chaos** James G. Crossley, 2014-08-28 *Harnessing Chaos* is an explanation of changes in dominant politicized assumptions about what the Bible really means in English culture since the 1960s James G Crossley looks at how the social upheavals of the 1960s and the economic shift from the post war dominance of Keynesianism to the post 1970s dominance of neoliberalism brought about certain emphases and nuances in the ways in which the Bible is popularly understood particularly in relation to dominant political ideas This book examines the decline of politically radical biblical interpretation in parliamentary politics and the victory of a modified form of Margaret Thatcher's re-reading of the liberal Bible tradition following the normalisation of a modified form of Thatcherism more generally Part I looks at the potential options for politicized readings of the Bible at the end of the 1960s focussing on the examples of Christopher Hill and Enoch Powell Part II analyses the role of Thatcher's specific contribution to political interpretation of the Bible and assumptions about religion Part III highlights the importance of often unintended ideological changes towards forms of Thatcherite interpretation in popular culture and with particular reference to Monty Python's *Life of Brian* and the Manchester music scene between 1976 and 1994 Part IV concerns the modification of Thatcher's Bible particularly with reference to the embrace of socially liberal values by looking at the electoral decline of the Conservative Party through the work of Jeffrey Archer on Judas and the final victory of Thatcherism through Tony Blair's exegesis Some consideration is then given to the Bible in an Age of Coalition and how politically radical biblical interpretations retain a presence outside parliamentary politics *Harnessing Chaos* concludes with reflections on why politicians in English politicians bother using the Bible at all **New York Magazine**, 1988-10-17 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything

from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **New York Magazine**, 1988-10-17 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
