OECD/G20 Base Erosion and Profit Shifting Project Tax Challenges Arising from Digitalisation – Interim Report 2018 Inclusive Framework on BEPS OECD,2018-03-16 This interim report of the OECD G20 Inclusive Framework on BEPS is a follow up to the work delivered in 2015 under Action 1 of the BEPS Project on addressing the tax challenges of the digital economy *International Intellectual Property and the ASEAN Way* Elizabeth Siew-Kuan Ng,Graeme W. Austin,2017-10-05 The Association of Southeast Asian Nations ASEAN is actively seeking ways for member countries to enhance their individual economic development within the context of overall regional advancement Central to this is the creation of a regional intellectual property framework This book examines the efforts to move beyond sovereign protections of intellectual property rights and establish meaningful inter state cooperation on intellectual property issues Rather than aim for IP harmonization ASEAN recognizes its internal diversity and pursues an agenda of IP Interoperability The essays in this collection examine the unique dynamics of interoperability analyzing the administration of intellectual property in a part of the world that is of increasing importance The book enables the reader to compare and contrast the ASEAN model to other approaches in regional cooperation such as Europe and Latin America and also explores private international law as a potential vehicle for interoperability *Learning to Understand Remote Sensing Images* Qi Wang,2019-09-30 With the recent advances in remote sensing technologies for Earth observation many different remote sensors are collecting data with distinctive properties The obtained data are so large and complex that analyzing them manually becomes impractical or even impossible Therefore understanding remote sensing images effectively in connection with physics has been the primary concern of the remote sensing research community in recent years For this purpose machine learning is thought to be a promising technique because it can make the system learn to improve itself With this distinctive characteristic the algorithms will be more adaptive automatic and intelligent This book introduces some of the most challenging issues of machine learning in the field of remote sensing and the latest advanced technologies developed for different applications It integrates with multi source multi temporal multi scale data and mainly focuses on learning to understand remote sensing images Particularly it presents many more effective techniques based on the popular concepts of deep learning and big data to reach new heights of data understanding Through reporting recent advances in the machine learning approaches towards analyzing and understanding remote sensing images this book can help readers become more familiar with knowledge frontier and foster an increased interest in this field *United States Code* United States,2018 "Code of Massachusetts regulations, 2015" ,2015 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 Holyoak and Torremans Intellectual Property Law Paul Torremans,2016 Holyoak and Torremans Intellectual Property Law provides a complete introduction and overview of UK intellectual property law It examines how the law has developed through key statutory provisions and leading cases and highlights the increasing

influence of the EU and other international jurisdictions in shaping the law in its global context      Routledge Handbook of Water Law and Policy Alistair Rieu-Clarke, Andrew Allan, Sarah Hendry, 2017-02-24 Water plays a key role in addressing the most pressing global challenges of our time including climate change adaptation food and energy security environmental sustainability and the promotion of peace and stability This comprehensive handbook explores the pivotal place of law and policy in efforts to ensure that water enables positive responses to these challenges and provides a basis for sound governance The book reveals that significant progress has been made in recent decades to strengthen the governance of water resource management at different scales including helping to address international and sub national conflicts over transboundary water resources It demonstrates that effective laws and policies are fundamental drivers for the safe equitable and sustainable utilization of water However it is also shown that what might constitute an effective law or policy related to water resources management is still hotly debated As such the handbook provides an important and definitive reference text for all studying water governance and management      **Safeguarding Against Statelessness at Birth** Rodziana Mohamed Razali, 2023-01-01 This book covers the essential aspects of prevention of childhood statelessness focusing on norms governing the subject through the rights to acquire a nationality and to birth registration two vital safeguards to prevent statelessness among children Its unique feature lies in its exposition of the international legal norms focusing on prevention of childhood statelessness and systematic analyses of domestic legal frameworks on nationality and birth registration of the 10 ASEAN Member States This book is designed for a wide range of readers comprising academics advocates students policy makers and other stakeholders working on statelessness affecting children especially in Southeast Asia      *Eighth International Symposium "Monitoring of Mediterranean Coastal Areas. Problems and Measurement Techniques"* Livorno (Italy) June 2020 Laura Bonora, Donatella Carboni, Matteo De Vincenzi, 2022-10-14 The 8th International Symposium Monitoring of Mediterranean Coastal Areas Problems and Measurements Techniques was organized by CNR IBE in collaboration with FCS Foundation and Natural History Museum of the Mediterranean and under the patronage of University of Florence Accademia dei Geografi Tuscany Region and Livorno Province It is the occasion in which scholars can illustrate and exchange their activities and innovative proposals with common aims to promote actions to preserve coastal marine environment Considering Symposium interdisciplinary nature the Scientific Committee underlining this holistic view of Nature decided to celebrate Alexander von Humboldt a nature scholar that proposed the organic and inorganic nature s aspects as a single system It represents a sign of continuity considering that in presence Symposium could not be carried out due to the COVID 19 pandemic restrictions Subjects are related to coastal topics morphology flora and fauna energy production management and integrated protection geography and landscape cultural heritage and environmental assets legal and economic aspects      **The Legal Protection of Refugees with Disabilities** Mary Crock, Laura Smith-Khan, Ron McCallum, Ben Saul, 2017-08-25 This ground breaking book focuses on the forgotten refugees detailing people with

disabilities who have crossed borders in search of protection from disaster or human conflict The authors explore the intersection between one of the oldest international human rights treaties the 1951 Convention relating to the Status of Refugees with one of the newest the Convention on the Rights of Persons with Disabilities CRPD Drawing on fieldwork in six countries hosting refugees in a variety of contexts Malaysia Indonesia Pakistan Uganda Jordan and Turkey the book examines how the CRPD is or should be changing the way that governments and aid agencies engage with and accommodate persons with disabilities in situations of displacement The timeliness of the book is underscored by the adoption in mid 2016 of the UN Charter on Inclusion of Persons with Disabilities in Humanitarian Action adopted at the World Humanitarian Summit

**Pakistan** International Monetary Fund. Middle East and Central Asia Dept.,2015-10-06 This paper discusses Pakistan s Eighth Review Under the Extended Arrangement and Request for Waivers of Nonobservance of Performance Criteria PC Two end June 2015 quantitative PCs and three indicative targets were missed but deviations were either minor or temporary and corrective actions have been taken as needed The authorities remain on track to meet the end September 2015 program targets Although the program s monetary PCs were met the PCs on the fiscal deficit and government borrowing from the central bank were missed The end September structural benchmark SB to improve the central bank s interest corridor and the end November SB to enact the Credit Bureau Bill were met ahead of time

**Engineering Design and Mathematical Modelling** Nnamdi Nwulu,Mammo Muchie,2020-12-17 Engineering Design and Mathematical Modelling Concepts and Applications consists of chapters that span the Engineering design and mathematical modelling domains Engineering design and mathematical modelling are key tools techniques in the Science Technology and Innovation spheres Whilst engineering design is concerned with the creation of functional innovative products and processes mathematical modelling seeks to utilize mathematical principles and concepts to describe and control real world phenomena Both of these can be useful tools for spurring and hastening progress in developing countries They are also areas where Africa needs to skill up in order to build a technological base The chapters in this book cover the relevant research trends in the fields of both engineering design and mathematical modelling This book was originally published as a special issue of the African Journal of Science Technology Innovation and Development
