Brother Mine (Brotherhood of Assassins, #1) Jolie Mason, They were the assassins Now they re the targets Adame Sacha a professional killer with a conscience has killed the wrong man The repercussions of his mistake could be deadly for him for the ones he loves for his people The Brotherhood a league of assassins to whom he owes everything sent him to do a job and kill a senator the author of H 30 Except that senator had been persuaded to pull the bill to support the Brax rather than oppress them An enemy has infiltrated the Brotherhood to use it for themselves sending a Brax assassin to kill the one man in the universe he should be protecting Mal Renata is one of a handful of advocates working for the Brax an alien race enslaved by humans when their planet was settled by explorers Just as her tireless efforts are beginning to show results with shifting public opinion in favor of the Brax someone kills the senator in the most high profile of ways and the Brax will be blamed endangering every man woman and child she fought long and hard to save Mal has to find the assassin responsible and reveal him When the assassin and the human female hunting him meet forbidden passions flare missions mesh and the danger escalates Someone wants the anti Brax bill to pass and is willing to kill to accomplish that goal Adame and Mal might be the next victims They will have to outrun death to uncover the culprit and find each other Brother Mine is a standalone sci fi assassin romance Berserker Brother Assassin Fred Saberhagen, 2020-01-17 Not satisfied with efforts to destroy all life in present time the Berserkers have devised a way to penetrate human history The death dealing machines pinpoint key personalities in human history for destruction When and if they succeed human progress is set back perhaps thousands of years Humanity has an answer On the planet Sirgol the only planet in the galaxy where time travel is possible an elite corps of Berserker hunters struggle to derail the Berserkers efforts Lieutenant Derron Odegard of Time Ops faces the death dealing Berserkers in three exciting adventures Stone Man Winged Helmet and Brother Berserkers Assassin's Apprentice S R Vaught, J. B. Redmond, 2011-04-10 A murderer shoves a prince to his death An assassin legally kidnaps a terrified boy A ruling lord orders an atrocity so devastating it will change the course of history So begins this highly original and engaging epic fantasy a story of love family trust sworn promises and hard earned friendships in which two boys must put aside their childhood understanding of the world and accept their own incredible power to do right The Assassin's Riddle Paul Doherty, 2020-04-27 The only way to win this murderer s deadly game is to play along Summer 1380 Brutal and sudden death is not uncommon in the foul alleys and streets of London The corpse of a clerk has been pulled from the Thames They drowned but not before receiving a vicious blow to the back of the head Then Bartholomew Drayton a usurer and money lender is found dead in his strongroom a crossbow bolt firmly embedded in his chest a real mystery because the windowless strongroom was locked and barred from the inside So who killed him And how And are the deaths connected Sir John Cranston comes to survey the scene When other clerks are murdered each with a riddle pinned to his corpse Cranston enlists the help of Brother Athelstan and together they must pit their wits against a deadly adversary bent on murder and mayhem

Assassination as a political act has a long history predating the murder of Julius Caesar and continuing into our own time The murder of the mighty has long fascinated artists and rebels but only rarely has it been studied in a scholarly manner In Assassin J Bowyer Bell combines existing historical evidence with years of personal interviews with terrorists in Africa the Middle East and Europe The result is an incisive study of that enigmatic figure the revolutionary killer As Bell makes clear the motives of the actors and effectiveness of assassination vary widely across time and place Assassination in many parts of the world has not only been a normal political act rational explicable but also often effective in some cases taking fewer lives in the transfer of power than an election Likewise there have been all kinds of assassins personal psychopathic professional ranging from lonely failures trying to make their mark to authorized agents of the state Using the assassination of Henry IV of France as a historical backdrop Bell writes about contemporary political murder from the perspective of one who has studied the subject of political violence for decades Bell has met with or known well the perpetrators conspirators and intended victims of assassination who have escaped His interviewees include a radical Irish revolutionary leader an American Arabist diplomat a spokesman for the PLO and the president of a Mozambique liberation movement The itinerary of his investigative journeys covers most of the flashpoints of contemporary political violence The people and places studied here at firsthand are engaged in a deadly game The attrition rate is often high the power fleeting and the consequences often unforeseen If past is prologue assassination is to be with us for years to come The volume will be essential reading for those engaged in the prevention of political violence and terror as well as historians and political scientists
