Quotation and Modern American Poetry Elizabeth Gregory, 1996-07 In this volume Elizabeth Gregory addresses a number of key issues surrounding the formation of the American poetic canon Taking as her primary examples T S Eliot s Waste Land William Carlos Williams Paterson and selected poems by Marianne Moore she examines the ways in which modern American writers struggled with questions of literary authority and cultural identity in relation to pre existing European models Gregory focuses on these issues through analysis of the use of quotation in modern and postmodern literature a practice that was strikingly divergent from the accepted use of literary allusion Her introduction traces a history of quotation as it has been practiced in literature from classical to modern times She then focuses on the texts of Eliot Williams and Moore three central figures of American modernism whose work the author believes represents a spectrum of responses to the established European model of poetical discourse Gregory s selection of Moore also allows her to deal with feminist concerns as they emerge in the more general modernist dialogue How was a female writer to make use of a literary canon that traditionally excluded female participation The implications of Gregory s argument will surely be of especial interest to feminist scholars of American poetry Lois Parkinson Zamora University of Houston **Abstract Machines** Garin

Dowd, 2007 Abstract Machines Samuel Beckett and Philosophy after Deleuze and Guattari is an innovative approach to the relationship of the work of Samuel Beckett to philosophy The study seeks to combine intertextual analysis and a schizoanalytic genealogy derived from the thought of Gilles Deleuze and Felix Guattari to explore a becoming philosophy of Beckett s literary writing The author focuses on zones of encounter and confrontation spaces and times of becoming between Beckett selected philosophers and Deleuze and Guattari In the retrospective glance occasioned by that part of Deleuze and Guattari s complex legacy which embraces their interest in the author Beckett s writing in particular effectuates a threshold hesitation which can be seen directly to impact on their approach to the history of philosophy and on their contribution to its molecularization in the name of experimentation Abstract Machines with its arresting perspectives on a wide range of Beckett s work will appeal to academics and postgraduate students interested in the philosophical echoes so evident in his writing The extent of its recourse to philosophers aside from Deleuze and Guattari including notably Alain Badiou renders it a timely and provocative intervention in contemporary debates concerning the relationship of literature to philosophy both within Beckett studies and beyond Oscar Wilde and his Wildest Quotes Sreechinth C, OSCAR WILDE AND HIS WILDEST QUOTES Oscar Fingal O Flahertie Wills Wilde was an Irish poet novelist playwright who got famous for his work by the end of 19th century His famous work The Picture of Dorian Gray made him acclaimed which is considered to be one of the best of that time After a series of very misfortune events which included disgrace imprisonment and exile the dawn of twentieth century become the dusk of his life Oscar Wilde was tormented very much internally and externally which leads to his departure from our world at the very age of forty six Before he left us along with his works he also shared his thoughts in the
