Omega Minor Paul Verhaeghen:

Omega Minor Paul Verhaeghen, 2007 Welcome to Omega Minor where nothing is ever what it seems and nothing every ends BOOK JACKET **Omega Minor** Paul Verhaeghen, 2006 Omega minor Paul Verhaeghen (psychologue et écrivain), 2004 **Hotel Europa** Dumitru Țepeneag, 2010 GENERAL LITERARY FICTION The author narrator a sarcastic Romanian emigre with a French wife tells with great insight and humor the story of a young student s life and education as he passes from post Ceausescu Romania through an unwelcoming Western Europe beset with dangerous problems of its own Sex and drug traffickers are only one part of the strange and paranoid world in which the student and his fellow countrymen become entangled while the author s past in the form of post communist gangsters begins to catch up with him in his retreat in rural France *Dust* Arkadii Dragomoshchenko, 2008 Arkadii Dragomoshchenko Russia s leading founder of Language poetry in his new collection of essays fuses seemingly disparate elements of poetry philosophy journalism and prose in an attempt to capture the workings of memory At stake is not what he writes about whether memory Gertrude Stein immortality or a walk on Nevsky Prospect but how he writes it Formally Dragomoshchenko never tires of digression creating playful games of patience and anticipation for his reader In so doing he pushes story and closure into the background arriving finally but not to a destination Ultimately Dragomoshchenko carefully seeks out the dust of traces from the period of oblivion which evidently lead to the oblivion of minds The Truth about Marie Jean-Philippe Toussaint, 2011-09-06 Moving through a variety of locales and adventures The Truth about Marie revisits the unnamed narrator of Toussaint s acclaimed Running Away reporting on his now disintegrated relationship with the titular Marie the story switching deftly between first and third person as the narrator continues to drift through life and Marie does her best to get on with hers Like all of Toussaint s novels The Truth about Marie s plot matters far less than its pace and tempo its chain of images its sequence of events From pouring rain in Paris to blazing fires on the island of Elba from moments of intense action to perfectly paced lulls The Truth about Marie relies on a series of contrasts to tell a beguiling and finally touching story of intimacy forever being regained and lost *Joseph Walser's Machine* Gonçalo M. Tavares, 2012-03-15 Continuing Tavares s award winning Kingdom series begun in Jerusalem winner of the Saramago Prize Joseph Walser s Machine recounts a life of bizarre routines and patterns Routine humiliation at a factory routine maintenance of the world s most esoteric collection and the most important routine of all the operation of a mysterious machine on a factory floor Yet all of Joseph Walser s routines are violently disrupted when his city is occupied by an invading army leaving him faced with political intrigues marital discord and finally one last catastrophic confrontation with his beloved machine **Hotel Crystal** Olivier Rolin, 2008 Olivier Rolin is a towering figure in French literature Rolin is a consummate artist who will speak profoundly to the American heart Robert Olen Butler author of the Pulitzer Prize winning novel A Good Scent from a Strange Mountain Monsieur Jean-Philippe Toussaint, 2008 The hero Monsieur is a successful young executive in Paris whose daily life is examined with precision He is nothing if not

unremarkable Here he muses on everything from the night sky to a Rotring pen And he is very funny *Rayner Heppenstall*
Gareth J. Buckell, 2007 This book examines the first five novels of Rayner Heppenstall 1911-1981 During his lifetime many critics cited Heppenstall as the founder of the nouveau roman believing his debut novel *The Blaze of Noon* 1939 anticipated the post war innovations of French writers such as Alain Robbe Grillet and Nathalie Sarraute Since his death however Heppenstall's reputation has faded and his fiction is all out of print His final novels written during a descent into madness were structurally simplistic and politically unpalatable and their disastrous critical reception clouded critical judgment of his previous novels Gareth Buckell examines the importance of technical experimentation rather than the ideological content within Heppenstall's earlier works and seeks a more favorable standing for Heppenstall within our critical and cultural memory
