The Entertaining Travel Annual. Fodor's goal was to create a fun-to-read, annually updated guidebook about Europe that emphasized the people and culture of a country, a radical change from the traditional guidebook approach. Seventy-five years later, On the Continent gives readers a nostalgic glimpse and sentimental grand tour of pre-WWII Europe. Today, Fodor's is one of the world's largest and most trusted brands in travel, covering more than 600 destinations worldwide in guidebooks on Fodor's.com, in ebooks, and iPhone apps. [The Companion Guide to Mainland Greece](#) Brian De Jongh, John Gandon, Geoffrey Graham-Bell, 2000 When Brian de Jongh's two classic Companion Guides, Southern Greece and Mainland Greece, were first published, they were greeted with acclaim and immediately established themselves as essential guides. They have now been combined into this single volume covering the whole of the Greek mainland. This new edition has been thoroughly revised by John Gandon, Brian de Jongh's nephew, and Geoffrey Graham Bell, taking into account both new archaeological discoveries and recent development. Brian de Jongh combined an expert knowledge of history, archaeology, and mythology with a profound understanding of the Greek people and a feeling for the landscape which inspired their myths and monuments. He describes a country that he loved and much of which Pausanias, writing almost two thousand years ago, would still recognise. This book is more than ever the most indispensable of all modern guides to Greece.
