On Solid Ground English Edition:

Teaching on Solid Ground Thomas M. McCann, John V. Knapp, 2019-01-09 To be successful teachers of English in grades 6-12 need more than basic content knowledge and classroom management skills. They need a deep understanding of the goals and principles of teaching literature, writing, oral discourse, and language in order to make sound instructional decisions. This engaging book explores the pedagogical foundations of the discipline and gives novice and future teachers specific guidance for creating effective, interesting learning experiences. The authors consider such questions as: what makes a literary text worth studying? what do students gain from literary analysis? how to make writing meaningful and how to weave listening and speaking into every class meeting. Professional learning and course use are facilitated by end-of-chapter reflection questions, text boxes, and appendices showcasing exemplary learning activities. *Teaching on Solid Ground* Dominic Belmonte, 2006 Find your footing and step into your future as a grounded teacher. Hutson, 2003-01-01 *Forgotten Features of the Founding: The Recovery of Religious Themes in the Early American Republic* is a book of six original essays that explore the deep significance of previously neglected religious themes in the Founding Era. Author James Hutson argues convincingly that without understanding these themes, it is impossible to comprehend the religious mentality of the Founding Era. Among the themes elucidated and explored are the doctrine of the future state of rewards and punishments, the civil magistrate's idealized role as the nursing father, and the conception of rights as moral powers grounded in religion. Hutson's thought-provoking and exhaustively researched essays challenge current scholarship on the Founding Era, which often downplays the importance of Christian ideals in the formation of the American government. *Forgotten Features of the Founding* is a must-read for scholars of American history and those interested in the role of religion in American life. **Mozart's Haffner and Linz Symphonies** Wolfgang Amadeus Mozart, Johann Nepomuk Hummel, 2000-01-01 *Solid Ground* Mark Finley, 2003 This daily devotional is filled with inspirational true-life stories and personal testimonies from heroes of faith throughout
