Once Upon A Country A Palestinian Life

Sari Nusseibeh

Once Upon A Country A Palestinian Life:

Once Upon a Country Sari Nusseibeh, 2007 A Palestinian scholar and leader offers a look at the troubling recent history of his country and the Middle East from a Palestinian perspective sharing his rationale for promoting a two state solution to the problems affecting the region

Once Upon a Country Sari Nusseibeh, 2009 Sari Nusseibeh's extraordinary memoirs are now out in paperback The story of Nusseibeh's family is the story of the Palestinian people

Once Upon a Country Sari Nusseibeh, 2007 Born into a prominent family with deep roots in Jerusalem Nusseibeh reluctantly became involved in politics constantly aware that co existence with Israel is possible Hated by extremists on both sides he has always held fast to the principles of freedom and equality which have guided all his decisions no matter what the personal cost His beautifully written memoirs interwoven with the story of his larger family and with the history of the Palestinians since before 1948 are a rare view into what the Arab Israeli conflict has meant in reality for a Palestinian family The consequences of the 1967 war changed things even further for Nusseibeh's life in Jerusalem not always negatively Appointed by Arafat to be the PLO representative in Jerusalem we get a first hand view inside the workings of the first Palestinian Authority and a close up of Arafat himself A deeply admirable book by a deeply admirable man New York Times

Once Upon a Country Sari Nusseibeh, Anthony David, 2015-09-22 A Palestinian intellectual politician and peace activist documents his displaced life in the region in this captivating memoir The Washington Post A New York Times Book Review Editors Choice One of the best personal accounts of the Israeli Palestinian conflict ever written A fascinating and deeply intelligent memoir Ethan Booker The New York Times A teacher a scholar a philosopher and an eyewitness to history Sari Nusseibeh is one of our most urgent and articulate authorities on the conflict in the Middle East From his time teaching side by side with Israelis at the Hebrew University through his appointment by Yasir Arafat to administer the Arab Jerusalem he has held fast to the principles of freedom and equality for all and his story dramatizes the consequences of war partition and terrorism as few other books have done This autobiography brings rare depth and compassion to the story of his country Terrific highly recommended for those who want to appreciate the dilemma of the Palestinian democrat Christopher Hitchens Slate *Once Upon a Country* is a subtle sad and humorous memoir that casts a fresh light on the Israeli Palestinian tragedy and a vivid picture of Palestinian society as well Amos Oz author of *A Tale of Love and Darkness*

Students and Resistance in Palestine Ido Zerkovitz, 2014-12-17 Exploring the Palestinian Student Movement from an historical and sociological perspective this book demonstrates how Palestinian national identity has been built in the absence of national institutions whilst emphasizing the role of higher education as an agent of social change capable of crystallizing patterns of national identity Focussing on the political and social activities of Palestinian students in two arenas the West Bank and Gaza Strip and the Palestinian diaspora Students Palestinian student magazines PLO documents Palestinian and Arabic news media and archival records to demonstrate how the Palestinian Student Movements became a major political player this book is of interest to scholars and

students of Palestinian History Politics and the Arab Israeli Conflict *The Crucified Nation* Alan Davies, 2010-08-19 Examines the nexus between religion and politics This title investigates the way in which fundamental Christian concepts are distorted and corrupted in the process and points to the inherent dangers of this form of political self glorification **The Business of Martyrdom** Jeffrey W Lewis, 2012-04-15 The Business of Martyrdom is the only comprehensive history of suicide bombing from its origins in Imperial Russia to the present day It makes use of a framework from the history and philosophy of technology to explain the diffusion and evolution of suicide bombing over the past several decades It is primarily a work of synthesis meant to reach a broad audience and endeavors to integrate as much of the recent scholarly literature as possible including reconciling explanatory mechanisms that seem to be at odds with one another In addition this book is able to draw on very recent changes in suicide bombing in the years 2008 2010 that allow it to have a slightly different perspective than earlier studies For the first time the global number of suicide attacks has declined significantly for three years in a row This book therefore has the advantage of addressing the phenomenon of suicide bombing as a bounded phenomenon with limits to its growth and diffusion To this point the impression that suicide bombers are the smartest bombs yet created has been widespread but confined to the area of metaphor Drawing well established ideas from the history of technology The Business of Martyrdom argues that the metaphor should be taken literally Suicide bombing is a technology that has been invented and re invented at different times in different areas but always for the same purpose resolving a mismatch in military capabilities between antagonists by utilizing the available cultural and human resources Over the past several years analysts have produced a large number of monographs and articles examining suicide bombing The best contributions in this new and growing literature have shed considerable light on the complexity of suicide bombing in practice particularly regarding the structure of the organizations that deploy suicide bombers and the relationships between these organizations and the recruits whom they utilize in their attacks Nevertheless nagging inconsistencies and questions remain These inconsistencies can be explained by examining suicide bombing as a technological system that integrates human beings cultures and devices and directs them toward specific ends Such an analysis requires that neither the individual bombers nor their sponsoring organizations be the basic unit of discussion Instead the bombers must be understood as components within a much larger system that has been shaped by a host of social cultural and operational constraints throughout its existence Integrating insights from the historical analysis of other technological systems with the recent literature specifically devoted to suicide bombing therefore allows The Business of Martyrdom to develop a fuller understanding of suicide bombing as a unified yet diverse phenomenon **Divided City** Kai Bird, 2010-07-08 Crossing Mandelbaum Gate is a vivid memoir of an American boy growing up in the midst of the Arab Israeli conflict three major wars and three decades of political upheavals in the Middle East Set in Jerusalem 1956 1958 Beirut 1970 Saudi Arabia 1962 1965 Amman and Cairo 1965 1967 Bird s book explains through a blend of memoir and history why the Western experience in the

Middle East has been so turbulent Through Bird's Zelig-like presence the reader experiences the Suez War of 1956 the June 1967 War and the Black September hijackings of 1970 that led to the Jordanian Civil War Bird's memoir shows how all of these momentous events led to the rise and tragic downfall of a secular Arab nationalist ethos only to be replaced by the rise of a fundamentalist politically reactionary Islamist movement The narrative history tells the stories of such illuminating figures as life-long Jerusalem resident George Antonius author of *The Arab Awakening* and his charismatic wife Jordan's King Hussein and his CIA connections the businessman Salem bin Laden Osama's older brother and a family friend Saudi kings Faisal and Khalid President Nasser of Egypt and Leila Khaled the striking young Palestinian radical who hijacked one of the Black September planes The son of a U.S. Foreign Service officer Kai Bird spent his formative years with the Arabs but he ended up marrying the only daughter of two Holocaust survivors This Shoah survival story becomes a part of Bird's own personal narrative and provides him with a deeper understanding of the historical relationship between the destruction of European Jewry and the Arab-Israeli conflict This extraordinary memoir by a Pulitzer prize-winning historian sheds new light on all the wars of the Middle East fought in the name of identity

Crossing Mandelbaum Gate Kai Bird, 2011 Pulitzer Prize winner Kai Bird's vivid memoir of an American childhood spent in the midst of the Arab-Israeli conflict in Jerusalem and Saudi Arabia

Israel/Palestine in World Religions S. Ilan Troen, 2024-04-24 The struggle over Israel/Palestine is not just another contest by competing nationalisms or an instance of geopolitical competition It is also about control of sacred territory that involves local Jews Muslims and Christians as well as worldwide faith communities each with their own interests and stake in what transpires This balanced introduction to a complex subject presents the multiple positions within the great monotheistic traditions It demonstrates that the secular discourses in the public square concerning ownership privileges historical precedence political rights and justice that have allegedly replaced religious claims actually coexist with and often complement the theological It explores the century-long tangle of secular and theological debates about Israel's legitimacy Whether readers support a Jewish state or are resolutely opposed the serious and substantial scholarship of this well-reasoned and innovative book will contribute to a nuanced and better informed understanding of this persistent issue that has entered its second century on the international agenda

The New York Times Index, 2007 Negotiating Arab-Israeli Peace, Second Edition Laura Zittrain Eisenberg, Neil Caplan, 2010-07-14 The current Arab-Israeli peace process and its historical context *Journal of Peace Research*, 2009-07 MultiCultural Review, 2007 Journal of Palestine Studies, 2007 Jewish Book World, 2006 **Library Journal**, 2006 No Going Back Stephen David Smith, Carol Rittner, 2009
