Off The Leash A Dogs Best Friend English Edition:

Dog's Best Friend? John Sorenson, Atsuko Matsuoka, 2019-11-14 In almost 40 per cent of households in North America dogs are kept as companion animals Dogs may be man's best friends but what are humans to dogs If these animals loyalty and unconditional love have won our hearts why do we so often view closely related wild canids such as foxes wolves and coyotes as pests predatory killers and demons Re-examining the complexity and contradictions of human attitudes towards these animals Dog's Best Friend looks at how our relationships with canids have shaped and also been transformed by different political and economic contexts Journeying from ancient Greek and Roman societies to Japan's Edo period to eighteenth century England essays explore how dogs are welcomed as family consumed in Asian food markets and used in Western laboratories Contributors provide glimpses of the lives of street dogs and humans in Bali India Taiwan and Turkey and illuminate historical and current interactions in Western societies The book delves into the fantasies and fears that play out in stereotypes of coyotes and wolves while also acknowledging that events such as the Wolf Howl in Canada's Algonquin Park indicate the emergence of new popular perspectives on canids Questioning where canids belong how they should be treated and what rights they should have Dog's Best Friend reconsiders the concept of justice and whether it can be extended beyond the limit of the human species

Dog's Best Friend, A Laura Greaves, 2021-11-02 These uplifting stories of dogs and their unlikely mates are living proof of the life-changing power of friendship Humans have been lucky enough to call dogs our best friends ever since one bravewolf dared sneak food scraps from a campfire more than 20 000 years ago but we're not the only creatures to experience the joy of canine companionship Around the world dogs are building bonds with feathered furred and even finned pals They are helping their friends to recover from trauma and abuse like Wallace the Labrador and his clutch of rescued battery hens protecting them as they grow like Barney the retriever and Billy the orphaned calf and jointly discovering the delight of play and togetherness like Tinni and Sniffer a dog and a wildfox In A Dog's Best Friend Laura Greaves introduces inseparable buddies for whom species is no barrier to unconditional love They may be unusual pairings but they are as deep true and devoted as any human twosome These uplifting stories of dogs and their unlikely mates are living proof of the life-changing power of friendship
