

Un personaggio ha improntato di se questa storia tra Rotary e Chiesa Cattolica: *Omero Ranelletti*. Su invito dell'insigne gesuita, Padre Roberto Zullig, del Presidente del Rotary Internazionale e del direttore della rivista *Realtà Nuova*, *Alessandro Ubertone*, l'avv. Omero Ranelletti, pubblicò lo storia da lui vissuta, dei rapporti tra la Chiesa Cattolica ed il Rotary italiano nel primo trentennio del novecento.

Con questo incarico veniva riconosciuto all'Avv. *Omero Ranelletti*, il grande merito di essere riuscito, con il suo grande ed apprezzato prestigio di uomo integerrimo e di grandi capacità, a porre fine ad un periodo oscuro che aveva turbato con profonde lacerazioni, i rapporti tra chiesa Cattolica ed il Rotary italiano.

Omero E Il Suo Pubblico Nel Pensiero Dei Commentatori Antichi

Claudio Cazzola

Omero E Il Suo Pubblico Nel Pensiero Dei Commentatori Antichi:

Homer and the Bible in the Eyes of Ancient Interpreters ,2012-03-06 Thus far interpretations of Homer and the Bible have largely been studied in isolation even though both texts became foundational for Western civilisation and were often commented upon in the same cultural context The present collection of articles redresses this imbalance by bringing together scholars from different fields and offering pioneering essays which cross traditional boundaries and interpret Biblical and Homeric interpreters in light of each other The picture which emerges from these studies in highly complex Greek Jewish and Christian readers were concerned with similar literary and religious questions often defining their own position in dialogue with others Special attention is given to three central corpora the Alexandrian scholia Philo Platonic writers of the Imperial Age rabbinic exegesis Contributors include Margalit Finkelberg Guy G Stroumsa Filippomaria Pontani Francesca Schironi Ren N list Maren R Niehoff Katell Berthelot Sharon Weisser Cyril Aslanov Guy Darshan Yonatan Moss Yakir Paz Yair Furstenberg Ishay Rosen Zvi and Joshua Levinson **The Ancient Critic at Work** René Nünlist,2009-03-19 The large but underrated corpus of Greek scholia the marginal and interlinear notes found in manuscripts is a very important source for ancient literary criticism The evidence of the scholia significantly adds to and enhances the picture that can be gained from studying the relevant treatises such as Aristotle s Poetics scholia also contain concepts that are not found in the treatises and they are indicative of how the concepts are actually put to use in the progressive interpretation of texts This book also demonstrates that it is vital to study both ancient terminology and the cases where a particular phenomenon is simply paraphrased Nineteen thematic chapters provide a repertoire of the various terms and concepts of ancient literary criticism The relevant witnesses are extensively quoted in Greek and English translation A glossary of Greek terms with translation and several indices enable the book also to be used for reference The Classical Commentary Gibson,Chris(tina) Shuttleworth Kraus,2017-07-31 This collection explores the issues raised by the writing and reading of commentaries on classical Greek and Latin texts Written primarily by practising commentators the papers examine philosophical narratological and historiographical commentaries ancient Byzantine and Renaissance commentary practice and theory with special emphasis on Galen Tzetzes and La Cerda the relationship between the author of the primary text the commentary writer and the reader special problems posed by fragmentary and spurious texts the role and scope of citation selectivity lemmatization and revision the practical future of commentary writing and publication and the way computers are changing the shape of the classical commentary With a genesis in discussion panels mounted in the UK in 1996 and the US in 1997 the volume continues recent international dialogue on the genre and future of commentaries **Ancient Greek Texts and Modern Narrative Theory** Jonas Grethlein,2023-05-25 The taxonomies of narratology have proven valuable tools for the analysis of ancient literature but since they were mostly forged in the analysis of modern novels they have also occluded the distinct quality of ancient narrative and its understanding in antiquity Ancient Greek Texts and Modern Narrative Theory

paves the way for a new approach to ancient narrative that investigates its specific logic Jonas Grethlein's sophisticated discussion of a wide range of literary texts in conjunction with works of criticism sheds new light on such central issues as fictionality voice Theory of Mind and narrative motivation The book provides classicists with an introduction to ancient views of narrative but is also a major contribution to a historically sensitive theory of narrative Ancient Scholarship and Grammar Stephanos Matthaios, Franco Montanari, Antonios Rengakos, 2011-02-28 Ancient Greek scholarship is currently in the centre of a multi faceted and steadily growing research activity The volume aims at investigating archetypes concepts and contexts of the ancient philological discipline from a historical methodological and ideological perspective It includes 26 contributions by leading scholars divided into four sections The ancient scholars at work The ancient grammarians on Greek language and linguistic correctness Ancient grammar in historical context and Ancient grammar in interdisciplinary context The period examined coincides with the establishment of scholarship as an autonomous discipline from the 3rd century BC to its peak in the first centuries AD Archetypes and paradigms of philological activity during the classical era help investigate the origins of ancient scholarship and the interdisciplinary discourse between scholarship philosophy of language and rhetoric is illustrated Thus the thematic spectrum of the volume stretches from the 4th century BC to the Byzantine era Apart from the Greek antiquity central aspects of the Latin grammatical tradition are also being examined **Epea and Grammata. Oral and Written Communication in Ancient Greece** Ian Worthington, John Foley, 2017-09-18 This volume deals with aspects of orality and oral traditions in ancient Greece and is a selection of refereed papers from the fourth biennial Orality and Literacy in Ancient Greece conference held at the University of Missouri Columbia in 2000 The book is divided into three parts literature rhetoric and society and philosophy The papers focus on genres such as epic poetry drama poetry and art public oratory legislative procedure and Simplicius philosophy All papers present new approaches to their topics or ask new and provocative questions **Aesthetic Experiences and Classical Antiquity** Jonas Grethlein, 2017-11-02 This book investigates the nature of aesthetic experience with the help of ancient material exploring our responses to both narratives and images **From Scribes to Scholars** Yakir Paz, 2022-11-21 Yakir Paz shows that the ancient Homeric commentaries had a major impact on the formation of rabbinic biblical commentaries in the second and third century CE This impact is discernible in the terminology and exegetical techniques used by the rabbis as well as in their didactic and literary approaches L'enigma di Omero Claudio Cazzola, 2025-05-01 Claudio Cazzola ci guida e accompagna nel mitico viaggio dall'alba della poesia epica di Esiodo all'ira di Achille pari a un dio nella leggendaria guerra di Troia dalle astuzie e dai naufragi del divino Odisseo al suo nostos nell'agognata petrosa Itaca Tutta la letteratura successiva ne dipesa e ancora oggi non pu prescindere Era gi tutto l'la sola alternativa possibile il silenzio Riccardo Roversi *The Journal of Hellenic Studies*, 1997 Vols 1-8 1880-87 plates published separately and numbered I-LXXXIII
