

A cinematic movie poster for the film 'Hereditary'. The central image is a close-up of a young woman's face, looking upwards with a haunting expression. Her eyes are a deep, bloodshot red. A finger, with a purple-painted nail, rests on her forehead. A dark, textured object, possibly a piece of wood or a glove, is positioned above the finger. Behind her head is a large, glowing red ring, resembling a bloodstain or a halo, set against a dark, textured background. The title 'HEREDITARY' is written in white, serif, all-caps letters, arched over the woman's face. Below the title, the text 'A FILM BY DANNY AND MICHAEL PHILIPPOU' is written in a smaller, white, serif, all-caps font, also arched.

The Japanese Twins Lucy Fitch Perkins, 2023-07-19 The Japanese Twins is a captivating children's book written by Lucy Fitch Perkins. The story revolves around the lives of two young Japanese siblings, Taro and Take, who are twins and inseparable companions. Set in the beautiful and culturally rich landscape of Japan, the book takes readers on a fascinating journey through the daily adventures and experiences of Taro and Take. The twins live in a traditional Japanese home surrounded by rice fields, cherry blossoms, and the enchanting beauty of nature. As the story unfolds, readers are introduced to various aspects of Japanese culture, customs, and traditions. They witness the twins celebrating festivals like Girls' Day and Boys' Day, learning traditional arts such as calligraphy and origami, and experiencing the art of storytelling through ancient legends. Through Taro and Take's eyes, readers gain insight into the values and principles cherished by the Japanese people, such as respect for elders, the importance of family honor, and the appreciation of nature's beauty. As the twins encounter challenges and new experiences, they learn valuable life lessons about kindness, honesty, and the significance of sharing and caring for others. Their interactions with family members and neighbors underscore the tight-knit community spirit that defines Japanese society. Lucy Fitch Perkins' storytelling weaves together the cultural richness of Japan with the heartwarming bond between Taro and Take. The narrative not only entertains young readers but also educates them about a different culture and way of life. With vivid descriptions of Japanese landscapes, festivals, and traditions, *The Japanese Twins* transports readers to a world of wonder and exploration. The book fosters an appreciation for diversity and cultural understanding, making it a cherished addition to children's literature.

Hordes Leon De Kock, 2012-05-11 A story that could come true tomorrow. When Ishmael Jacobson creates a virus that stops the ageing process in humans and animals alike, chaos could be the only result. Striving towards a dream of eternal life, everybody does what they can to get infected with the virus, even if it means breaking the law. It is up to detective Lindique to try to stop the spread of the virus, but is it too late? Soon the world is filled with people, and every day more and more are born. The ground turns barren, too tired to keep on giving life to billions upon billions of humans who are trying to scrape another morsel of food out of the dust. When there is no more food to eat, there is always the neighbour. In the end, there is only one person who can start the ageing process in humans again, and it is the person who started the whole problem to begin with, coming full circle.
