Gehring,2014-12-24 As a young boy in the depths of the 1890s depression Joe E Brown had a job making faces at the firemen on passing coal burning trains so they would throw coal at him As a child he also worked as a circus acrobat and newsboy His inventiveness and spunk helped his family get through hard times but also fueled his fascination with entertainment and he built up a repertoire of rubber faced expressions and funny antics that would make his stage and screen work memorable Baseball was a favorite pursuit in his life and thus a recurring theme in his films and skits In this biography the first on one of the top film comedians of the 1930s the reader learns of Joe s challenging childhood and how it prepared him for later screen roles and how his love of baseball translated into screen successes His early career in vaudeville is discussed his work as a Broadway comedian in the Roaring Twenties his road to movie stardom and how he parlayed his love of sports into big hits like 1930 s Elmer the Great The year 1935 gets its own chapter its films are considered the pinnacle of Brown s career including *Alibi* *Ike Bright Lights* and *A Midsummer Night s Dream* The final chapters reveal what happened after he left Warner Bros including the bittersweet 1940s when he entertained troops around the globe while mourning a son lost to the war The book concludes with a comprehensive filmography of his features from 1928 to 1963 Alice's Adventures in Wonderland Lewis Carroll,2020-04-07 One moment Alice is sitting along the banks of a river admiring the wind the next she is tumbling down a rabbit hole Far away from the life she was used to Alice s

Alice in wonderland Lewis Carroll,2023-12-31 Alice was beginning to get very tired of sitting by her sister on the bank and of having nothing to do once or twice she had peeped into the book her sister was reading but it had no pictures or conversations in it and what is the use of a book thought Alice without pictures or conversation So she was considering in her own mind as well as she could for the hot day made her feel very sleepy and stupid whether the pleasure of making a daisy chain would be worth the trouble of getting up and picking the daisies when suddenly a White Rabbit with pink eyes ran close by her There was nothing so VERY remarkable in that nor did Alice think it so VERY much out of the way to hear the Rabbit say to itself Oh dear Oh dear I shall be late when she thought it over afterwards it occurred to her that she ought to have wondered at this but at the time it all seemed quite natural but when the Rabbit actually TOOK A WATCH OUT OF ITS WAISTCOAT POCKET and looked at it and then hurried on Alice started to her feet for it flashed across her mind that she had never before seen a rabbit with either a waistcoat pocket or a watch to take out of it and burning with curiosity she ran across the field after it and fortunately was just in time to see it pop down a large rabbit hole under the hedge In another moment down went Alice after it never once considering how in the world she was to get out again The rabbit hole went straight on like a tunnel for some way and then dipped suddenly down so suddenly that Alice had not a moment to think about stopping herself before she found herself falling down a very deep well Either the well was very deep or she fell very

slowly for she had plenty of time as she went down to look about her and to wonder what was going to happen next First she tried to look down and make out what she was coming to but it was too dark to see anything then she looked at the sides of the well and noticed that they were filled with cupboards and book shelves here and there she saw maps and pictures hung upon pegs She took down a jar from one of the shelves as she passed it was labelled ORANGE MARMALADE but to her great disappointment it was empty she did not like to drop the jar for fear of killing somebody so managed to put it into one of the cupboards as she fell past it Well thought Alice to herself after such a fall as this I shall think nothing of tumbling down stairs How brave they ll all think me at home Why I wouldn t say anything about it even if I fell off the top of the house Which was very likely true Down down down Would the fall NEVER come to an end I wonder how many miles I ve fallen by this time she said aloud I must be getting somewhere near the centre of the earth Let me see that would be four thousand miles down I think for you see Alice had learnt several things of this sort in her lessons in the schoolroom and though this was not a VERY good opportunity for showing off her knowledge as there was no one to listen to her still it was good practice to say it over yes that s about the right distance but then I wonder what Latitude or Longitude I ve got to Alice had no idea what Latitude was or Longitude either but thought they were nice grand words to say
