One Dollar Dirties English Edition:

Blackie's Concise English Dictionary Blackie, Concise English Dictionary *The Dirty Dozen* Robert A. Levy, William Mellor, 2009-08-01 Alexander Hamilton wrote that the judiciary from the nature of its functions will always be the least dangerous to the political rights of the Constitution If only that were true The Founding Fathers wanted the judicial branch to serve as a check on the power of the legislative and executive and gave the Supreme Court the responsibility of interpreting the Constitution in a way that would safeguard individual freedoms In some cases like Brown V Board of Education and United States V Lopez the Court fulfilled its role protecting us from racial discrimination and the heavy hand of the federal government But sadly the Supreme Court has also handed down many destructive decisions on cases you probably never learned about in school In *The Dirty Dozen* two distinguished legal scholars shed light on the twelve worst cases which allowed government to interfere in your private contractual agreements curtail your rights to criticize or support political candidates arrest and imprison you indefinitely without filing charges and seize your private property without compensation when someone uses the property for criminal activity even if you don't know about it This is not a book just for lawyers It's for all Americans who want to understand how the Supreme Court can affect our right to life liberty and the pursuit of happiness This paperback edition includes a new preface Guns Bailouts and Empathetic Judges which highlights new and critical issues that have arisen since the book's initial edition was published in 2008 *The Almanac of Political Corruption, Scandals, and Dirty Politics* Kim Long, 2008-12-18 Watergate Billygate Iran Contra Teapot Dome Monica Lewinsky American history is marked by era defining misdeeds indiscretions and the kind of tabloid ready scandals that politicians seem to do better than anyone else Now for the first time one volume brings together 300 years of political wrongdoing in an illustrated history of politicians gone wild proving that today's scoundrels aren't the first worst and surely won't be the last From high crimes to misdemeanors to moments of licentiousness and larceny this unique compendium captures in complete colorful detail the foibles failings peccadilloes dirty tricks and astounding blunders committed by politicians behaving badly Amid stories of brawlers plagiarists sexual predators tax evaders and the temporarily insane this almanac tells all about The only so far president to be arrested while in office Ulysses S Grant who was allegedly issued a ticket for racing his horse and buggy through the streets of Washington D C The former New Jersey state senator David J Friedland who disappeared during a scuba diving accident in 1985 It turns out he staged the accident and served nine years in prison after being captured in the Maldives Tape recorded instructions from highbrow president Franklin Delano Roosevelt on how his staff should carry out some low down political tricks The bizarre story of U S congressman Robert Potter who castrated two men he suspected of having affairs with his wife Potter won election to the state house while in jail but was kicked out for cheating at cards Texas congressman Henry Barbosa Gonzalez he was charged with assault in 1986 after he shoved and hit a man who called him a communist Gonzalez was seventy years old at the time At once shocking and
